

Dear Sir/Madam/Australian Government

I am writing in relation to the large cost of airfares to Sydney. It currently costs around \$330 per person to travel from Alice Springs to Sydney with no stops roughly a three hour flight.

I currently live in Alice Springs. I have no family in the area. My family live in NSW.

I feel this is rather expensive compared to travelling overseas. Christmas time is supposed to be about family, but it's rather hard to have nice gifts and a Christmas table with nice treats when travel costs so much.

Thank you for listening.
Yours faithfully
