

Hi My Name is Kilda Zada, I want to be able to access information regarding my conception via sperm donation.

He can remain anonymous, I want to know nationality heritage, diseases in his family and description and if his fathered any other sperm donation kids.

I want to be able to find out who I am, I feel like I have a missing part of the puzzle, it actually depresses me to think about it.

Please help in allowing people like me to access this vital information so we can feel complete.

Kind regards,

Kilda Zada
