Dear Committee

Thank you for the opportunity to comment on the proposed *Tertiary Education Quality and Standards Agency Amendment Bill 2014*.

The University of Queensland strongly supports the need for a regulator which protects the reputation of the sector by focussing on where observed behaviour warrants intervention and the proposed *TEQSA Amendment Bill 2014* is consistent with our views on the role of TEQSA.

We endorse the submission made on behalf of the Group of Eight, which provided more specific detail.

Yours sincerely

Professor Joanne Wright
Deputy Vice Chancellor (Academic)
