

QoN 020-01

Have you or your organisation ever received direct or indirect support from the Pharmaceutical industry, including research grants, sponsorships, attendance at conferences or events, including from manufacturers of pharmacotherapies such as, but not limited to, Johnson & Johnson, Pfizer and GlaxoSmithKline?

No. I have not accepted any funding from any pharmaceutical company for research on tobacco smoking or any other form of addiction.

Other investigators who worked at the National Drug and Alcohol Research Centre at UNSW, that I directed from 1994-2001, did accept some funding for a clinical trial of buprenorphine from Reckitt- Benckiser.
