**Topic: Key sensitivities**

**Mr Brian Mitchell, MP asked:**

The 2018 Corporate Plan contained Exhibit 7: Scenario analysis of key sensitivities. Are any of these sensitivities incorporated into forecasts for the lower and upper ranges of the peak-funding projections? If yes, specify which ones are included and which ones are not.

**Answer:**

As stated on page 56 of the 2018 Corporate Plan, the sensitivities in Exhibit 7 "inform a range of the most likely outcomes of the plan". The lower and upper ranges of peak funding are not based solely on the sensitivities shown in the Corporate Plan, but do take all of these risks into account.
