Hansard Page: 8/11/10 - CA5

Senator Boyce asked:

When does this draft report become a report and when will it be published?

Answer:

The Commonwealth, State and Territory Governments, through the Community and Disability Services Ministers' Advisory Council Disability Policy Research Working Group, is developing a '*National Stocktake of Future Planning Initiatives for Families of People with Disability*'. The paper identifies the barriers to future planning; includes a stock-take of available information on government and non-government future planning policies, programs and initiatives in Australia; identifies best practice features of future planning programs and initiatives; and identifies policy and service delivery gaps.

The paper is due to be finalised and provided to the Disability Policy Research Working Group in early 2011.
