To Whom it May Concern

It is with grave concern that Mr Dutton has announced a new agreement with the US and UK on having nuclear submarines. What is most appalling is the little time given for the Australian public to have representation on the matter. The public has been given till November 26 2021 to submit opinions on the matter. The lack of public engagement and transparency is of critical concern. Should this agreement go ahead, we have lost sovereignty to act independently, it has the capacity to undermine global co-operation on nuclear non-proliferation. Mr Dutton's action is an insult to democratic process.

Sincerely
Judith Morrison
