

Australia's Joint Standing Committee on Treaties (JSCOT),

RE: The Indonesia-Australia Comprehensive Economic Partnership Agreement

I am writing to express my support to the full ratification of IA-CEPA by the Australian Parliament. As a person with an acute professional connection with Indonesia, I welcome this agreement and look forward to seeing how it will alter bilateral policy, investment and education opportunities.

Indonesia is a critical political and economic partner of Australia and this represents a platform to strengthen the authorising environment of this relationship.

I implore the Joint Standing Committee and the Australian Parliament to treat this Agreement with the humility and cooperation it deserves.

Sincerely,

Mason Littlejohn.
