

Senate Economics Reference Committee

Future of Naval Shipbuilding in Australia

ANSWER TO QUESTION ON NOTICE

Department of Defence

Topic: SERC - Future of Aust Naval Shipbuilding Industry - Q6 - Propulsive Efficiency Curves as a Function of Speed - The Committee

Question reference number: 6

Senator: Chris Ketter

Type of question: Written

Date set by the committee for the return of answer: 3 April 2018

Question:

6. Did DCNS/Naval Group provide to Defence as part of the CEP, or at any point prior, propulsive efficiency curves as a function of speed for the proposed pump-jet of the type shown in Mr Morrison's report (Figures 20, 41) or did Defence acquire such comparison information from other sources? If so, what source?

Answer:

See response to Senate Economics Reference Committee Question on Notice number 5 – 16 March 2018.
