IMMIGRATION DETENTION NETWORK**

Q87

Question: Provide a breakdown of the percentage of cases now going on to ASIO for assessment and those not going on for assessment.

Answer: We cannot provide the percentage breakdown of this complex caseload. As occurs with many other caseloads, the percentage of cases subject to security assessment changes from time to time, depending on the individual characteristics of the client cohorts.

All relevant adult IMAs are subject to security assessment to inform visa suitability. ASIO is responsible for the security assessment of IMAs and provides this advice to DIAC. Under the new arrangements the vast majority of adult IMAs who have been found to be refugees are security assessed within days. ASIO is the appropriate agency to comment on the security assessment caseload.
