

Personal choice and community impact  
Submission 2

To Whome it may concern,

I am writing in regards to the Senate Committees review of Measures introduced to restrict personal choice 'for the individual's own good'. I am a strong advocate for helmet choice for adult cyclists. I strongly feel that helmets discourage cycling, especially short trips and recreational cycling. Also this law encourage people to disregard law sometimes. Overall effect is more cars on the road, less fit population and disrespect to law.  
The law should be repealed.
