Mr Victor Manton

To whom it may Concern

I am writing to personally thank Dr Ravada for the excellent work the she did on my Teeth, I had numerous problems with decay and Brocken teeth, for years I would not see a dentist because of the pain that is associated with Dentists. Well, I'm happy I did! The experience was very pleasant, and easy.

Also that without the assistance of the Care plan I would not have been able to afford the work to be done. It is great to see that a professional like Dr Ravada doing such a good service to the Community, with a Caring attitude. She made the whole experience very pleasant.

Well done and I hope that you can give others like me the same opportunity to have a healthy mouth again, and be happy to eat properly again & smile with a set of teeth that can be shown without causing embarrassment. The service you provided was exemplary. I am extremely happy with the way you did the work and would recommend you to anyone who wanted to see a dentist.

Yours Sincerely

Victor Manton

Ps I am moving up to the Riverland to live and would travel back to get more work done if required.
