Subject: Re: Senate Environment and Communications References Committee

Hi

During the hearing I undertook to provide further clarification of the total amount of funding lost by the Youth Arts Sector since 2007.

In seeking to clarify this I have discovered that Carclew submitted the *Every child deserves a rich cultural life* by Helen Hristofski as a supplementary report to the public hearing Port Adelaide, 3 July 2023. I refer the inquiry to this document as a record of the funding losses and narrative surrounding the crisis in youth arts.

Please do not hesitate to contact me if you require further information.

Kind regards,

ROSS MCHENRY
