

# SUNCORP

The logo consists of the word "SUNCORP" in a bold, white, sans-serif font. To the right of the text is a stylized "O" shape. The "O" is dark teal on the left and yellow on the right, with a glowing yellow halo around it.

Response to additional questions  
received from the Joint Select  
Committee on Northern Australia

The following page contains Suncorp's response to the Committee's additional questions specifically for Suncorp.

## Additional questions for Suncorp

### 01 **Can Suncorp provide information on the work that has been done with universities and how much Suncorp has invested?**

Suncorp has partnered with experts from James Cook University's Cyclone Testing Station, CSIRO, and Room11 Architects to design and test one of Australia's most natural disaster-resilient homes; One House. One House contains lots of examples of how we can future proof our homes against extreme weather.

Information on One House is available at: <https://resilience-onehouse.suncorp.com.au/>
