Grey Fantail	
Willy Wagtail	

* Denotes introduced species

**List of birds sighted between
Robertstown hills, Waterloo and Tothill
range area:**

• **Birds that breed and nest in this area**

Emu

- Little piped cormorant

Great cormorant

Pelican

Pacific heron

- White faced heron

Little bittern

Australian bittern

Sacred ibis

Yellow billed spoonbill

- Black tailed native hen
- Dusky moorhen
- Purple swamphen

Black winged stilt

- Spur winged plover
- Black fronted dotterel

Black swan

- Australian shelduck or mountain duck
- Wood duck

Pink eared duck

- Grey teal
- Pacific black duck

Hardhead duck

- Banded lapwing plover
- Black shoulded kite

Whistling kite

Brown goshawk

- Collard sparrowhawk

Spotted harrier

Swamp harrier

- Wedge tailed eagle

Brown falcon

- Australian kestrel
- Peregrine falcon
- Stubble quail
- Painted quail
- Common bronze wing
- Crested pigeon
- Peaceful dove
- Cockatiel

Sulphur crested cockatoo

Little Corella

- Galah

Musk lorikeet

Purple crowned lorikeet

Little lorikeet

- Budgerigar

Ringneck

- Adelaide rosella
- Red rumped parrot

Blue winged parrot

- Pallid cuckoo
- Fan tailed cuckoo

Horsfields bronze cuckoo

Varied sittella

- Southern boobook owl

Barking owl

- Barn owl

Masked owl

- Tawny frogmouth
- Owlet nightjar
- Kookaburra

Red backed kingfisher

Rainbow bee eater

- Singing bushlark
- Skylark
- Welcome swallow
- Tree martin

Richard's pipit

- Black faced cuckoo shrike

White winged triller

Scarlet robin

Hooded robin

Red capped robin

Jacky winter

Rufous whistler

Golden whistler

- Crested shrike thrush

Restless flycatcher

- Grey fantail
- Willie wagtail

White browed babbler

- Clamorous reed warbler
- Superb fairy wren

Variegated fairy wren

White browed scrub wren

- Brown thornbill
- Yellow rumped thornbill
- Brown treecreeper
- Red wattlebird

Spiny checked honeyeater

- Noisy miner

Yellow faced honeyeater

- Singing honeyeater
- White plumped honeyeater

Brown headed honeyeater

White naped honeyeater

- New Holland honeyeater
- White fronted honeyeater

Eastern spinebill

- White fronted chat
- Mistletoe bird
- Striated pardalote
- Silvereye
- Diamond finch

Zebra finch

- White winged chough

Apostle bird

- Murray magpie

- Black faced wood swallow

White browed swallow

- Masked wood swallow

Grey butcherbird

- Magpie
- Black little crow
- Grey currawong

Appendix IV - Mammal Species recorded on the Tothill Range Holdings

Native species

Western Grey Kangaroo	<i>Macropus fuliginosus</i>
Red Kangaroo	<i>Macropus rufus</i>
Euro	<i>Macropus robustus</i>
Brush-tailed Possum	<i>Trichosurus vulpecula</i>
Echidna	<i>Tachyglossus aculeatus</i>
Several Bat species	

Feral species

Fox	<i>Vulpes vulpes</i>
Feral Cat	<i>Felis catus</i>
Rabbit	<i>Oryctolagus cuniculus</i>
House Mouse	<i>Mus musculus</i>
Hare	<i>Lepus capensis</i>

Animal species recorded between Tothill range and Robertstown/Point pass hills

Common wombat

Common brush tailed possum

Common Wallaroo (Euro)

Red kangaroo

Western grey kangaroo

Water rat

Koala (one only sighted)

Little forest Eptericus bat

Lesser long eared bat

Echidna

Common long necked tortoise

Bearded dragon

Southern blind snake

Marbled southern gecko

Thick tailed gecko

Common bluetongue

Shingleback

Red bellied black snake

Brown snake
