elephant ivory and thing horn pruducts in
Australia. Other SIN Madam
I am a seven year old boy and I don't
like the trade in elephand ivory and
rhing horn. I think that elephants and rhinos
are amasing oreatures and we should not
be killing them. We need to stop the domestic
trade. Most people know that the last Male
northen white rhino just died. There are
three spieces of rhino that are exticet. All elephants
in 2020 (or sooner) if do not ban the domestic
trade. Pleas ban the domestic trad in elephan
f ivory and thing hom, Chas
