

Hello dear Sir / Madam,

I'm been here in Australia from last 4 years and spent huge amount money and time of my life. My dreams of living happy life in Australia are in danger after hearing about this Bill. I love Australian culture. I love FOOTY.

I know huge amount of people are going to affect with this bill and every day I meet so many people who are in deep stress. One of my friend was so stressed that he was admitted in "Northern Epping Hospital" for 12 days.

I can just only request you, please don't pass this bill. We have high respect for Australia in our hearts. So please don't break our heart.

Many thanks,

Billu Bakra
