I asked Paramount to go back into the AP account with them and check since this year began any trip which involved any journey to and from where we lived from Jan through Covid. I know that you booked them all within our policy and going back and to the office, airport or places of work, and they have been approved by Rodney, but I do not want you or Rodney criticised in any way. The total amount for the 10 months was \$15948.98 This has been paid so you will need to ensure a credit is given to the organisation. As I step away from the organisation and let Rodney lead, if there is anything at all I owe or I need to clarify please can you let me know. I can't think there could be but please double check all records.
