

I Ruth Idina Gates, a self Funded retiree having saved for my retirement & NOT obtaining any benefits from the Public Pension through Centrelink am extremely nervous as to how I shall be able to live in my own Unit should Franking Credits be withdrawn from my investments in my SFSF.

I implore you to maintain these benefits, if NOT I shall have to apply for a Public Pension, which is a major drain on the Public Purse & Australia and possibly sell my Accomodation.
