

## Working Holiday Visa

Name: BARAK [REDACTED] MAIMON

Email: [REDACTED]

Phone: [REDACTED]

I have working holiday visa.

I entered Australia in December 2019 and after the pandemic started I followed the instructions of the Australian and Israeli governments and went back to Israel (my home country).

My plan was to experience Australia for 2 years so I wanted to extend my visa for another year.

because of the situation I used only 4 months of the visa.

As it seems at the moment my visa is useless.

I don't care about the money that I spent on the visa, all I want is a proper chance to use my visa properly.

To be able to enter Australia with WHV again.

To work 3 months at one of the specific jobs to get the second year.

Like me I know a lot of people that Australia is a big dream for them, a dream that became impossible.

Please try to find the solution (apply for WHV again?) so people like me would get a true chance to experience Australia.

Thanks Barak.
