

Dear Senate, Prime Minister, Australian Government,

-----Attention Please.

I'm writing to you to express my deepest concern on the Ways the government has and is!
Treating the Indigenous people of Australia

I'm 6th Generation Australian; Born in Port Hedland WA, Both my Grandparents was in
the Royal Air Force and Navy.

My Grand Father Grew up with Aborigines and my Dad did also all his life in Port
Hedland until we moved in 1986 to Perth.

I look on with Disbelief that today in 2012, we as Human being's and specially in
Australia (the Greatest Country in the World)

Are continuing with this Dis-respect towards the Indigenous, I'm So Ashamed on
the Australian government playing around with Indigenous peoples fate, like if it's
a Joke, You as the government should set the example so we can follow and do
whats right! And No have the world looking on with disgust.

Wake up!!! The Land is for the People the Indigenous people of Our Beautiful
Country Australia and not for Greed of those who running it!

""Something is WRONG!

Wrong with the government in which we live

Wrong with the leaders that lead us

Wrong with us... and the way we respond, to our enemy and each other

This nation is not about poor people!

Whether they're black, brown, red, yellow or white

This nation is about RICH people!

And to hell with the weak, the poor, they must serve ~ "

It Must Change!! Please take into consideration.

Yours Sincerely

B. Wilson
