Inquiry into Tobacco Harm Reduction

QoN 020-01

Have you or your organisation ever received direct or indirect support from the Pharmaceutical industry, including research grants, sponsorships, attendance at conferences or events, including from manufacturers of pharmacotherapies such as, but not limited to, Johnson & Johnson, Pfizer and GlaxoSmithKline?

Answer

CSIRO received \$4,137,506 from the Pharmaceutical industry for the period 2014-15 to 2018-19. CSIRO received zero income from the Pharmaceutical industry in 2019-20. Accessing records on research grants, sponsorships, attendance at conferences and events would be a significant diversion of resources as this information is not held centrally. Accessing records before 2014-15 would also be a significant diversion of resources as this information is not held centrally.
