

To whom it may concern,

My name is BO WANG, i am an Australian citizen, as a Migration Agent, the bill of visa capping causes me concerns.

First of all, if the bill comes into effect as part of Migration Regulation or Immigration Act, it will damage the benefit of Australia, which the international education is the thirty industry to this country.

Secondly, I am concerned about the bill for the reason of the abuse of power. If the Minister of Immigration has such significant power, and it can be enforced on a particular community, and also is relating to the racial discrimination.

Moreover, the bill will damage the credits of Australia. On the May of 2008, Mr. Chris Evans told the reporter of Australia that Australia needed skilled workers, semi-skilled workers and unskilled workers. But since then, the Immigration policies have had sea changes. The increasing number of the private education sectors shut down as the backlash of the fickle Immigration policies.

Under the circumstances, we need to stop the bill, and restore the credits of Australia.

God bless Australia;

BO WANG
