Subject: Not good enough - destruction of 46,000 year old cultural sites

I am writing to express my concerns regarding the destruction of important Indigenous cultural sites by Rio Tinto.

It is important that the Joint Standing Committee on Northern Australia understands that this is an issue of concern to everyday Australian voters, not just Indigenous ones.

This issue must be thoroughly understood in order to ensure that such tragedies do not occur again. Restitutions must be made, in as much as this is possible.

Thank you.
