Public Hearing 17 May 2013 – Parliament House, Canberra

Question on Notice from Senator Rhiannon

Witness: Department of Foreign Affairs and Trade

Committee Hansard Transcript p 13

Question

Senator RHIANNON: Considering the shortness of time, would you take on notice to supply us with what you agree with in part and what bits you do not—for example, 6.2 you have agreed in part. Would you take it on notice for that table to tell us which bits you agree with and which bits you do not agree with. I am just conscious of time.

Ms McGrath: Yes. I guess the 'noted' is—

Senator RHIANNON: That you are not going to do anything?

Ms McGrath: No, it does not necessarily mean that. It means that we note the recommendation, and very often that means that we need to think about the detail of how we could take on board what some of the Productivity Commission has said.

Senator RHIANNON: If you could expand on the noted, if it is possible.

Answer

In its response to the Productivity Commission report on Australia's export credit arrangements the Government agreed or agreed in part to 16 of the recommendations and noted the remaining six.

Where the Government 'agreed in part' to a particular recommendation, this meant that the Government agreed with some, but not all, of what the PC had recommended. The following table sets out what was agreed and not agreed within the recommendations agreed in part:

Recommendation	Agreed	Not agreed
5.1	Agree to define small and medium sized enterprise.	Do not agree to the thresholds proposed by the PC of 100 full-time equivalent (FTE) employees or annual turnover of \$50 million, deciding instead on 100 FTE or \$100 million annual turnover.
6.2	Agree to amend the Act to ensure EFIC's activities on the Commercial Account complies with competitive	Do not agree to set a benchmarked rate of return.

10.1	Part (b) is agreed. That is, that the Act should not be amended to allow EFIC to enter into loans for the export of non-capital goods.	Part (a) is not agreed. Do not agree that EFIC should be limited to supporting newly exporting SMEs. EFIC will in the future be required to publish this information within 2 months of execution. This requirement will be included in the Statement of Expectations.	pricing details.
10.6	Agree to make necessary amendments to the EFIC Act.	Do not agree to issue Ministerial directions or a revised Statement of Expectations before the changes to the legislation commence, as the changes are expected to commence very soon.
10.7	Agree to a review of EFIC three years after the amendments to the Act introducing the new mandate have commenced, but the terms of reference will be determined in the future by the Government.	

Where the Government noted recommendations, this meant that it took on board the PC's recommendations and would give further consideration to whether any further action could or should be taken. In some cases, the recommendations concerned matters for others to consider, such as the EFIC Board. In particular, recommendations 6.1, 8.1, 9.2 and 9.4 are matters for the EFIC Board. Recommendation 9.8 is a matter for the Attorney-General to consider as part of the review of the FOI Act.
