

RE: Senate Environment and Communications Committee: Inquiry into Australia's koala population

In regard to the request for more information about the origin of the Riverland koala population I can provide the list of known re-introductions within SA as follows: (apologies if formatting doesn't translate but the Riverland population was translocated from Kangaroo Island between 1959 and 1965 with 19 koalas being moved to most likely and area known as the Paringa Paddock)

Location	Date	Number	Origin
Kangaroo Island	1920 to 1925	18	French Island
Mt Lofty Ranges	1920 to 1930	?	NSW & Qld
	1950's	?	Cleland (KI)
	1965	6	KI
Eyre Peninsula	1969	6	KI
Riverland	1959 to 1965	19	KI
South East	1969	6	KI
