27 April 2011

To the Honourable Members of the Senate Committee.

I fully support the changes to the Family Law Act proposed in the draft Family Law Amendment (Family Violence) Bill 2011. I fully support the Federal Government's move to provide better *the protection for people who have experienced family violence within the family law system and believe that the proposed amendments are essential to place safety and protection of children and family members at the forefront of the Family Law Act*

Yours faithfully

Vita Kristovskis
