

Dear Committee Secretary

It has come to our attention that there is an incorrect figure in one of the tables in our submission...The below is in the existing submission on page 8.

Table 1: State Funding for Griffith and Council's own funding streams for the last twelve months

| State Asset funding | Competitive based funding | State based grant revenue to Council | Council's own source funds |
|--|---------------------------------|--------------------------------------|--|
| \$4m new Ambulance Station | \$23m Transfer waste station | | Rates - \$27,488,000 |
| \$685,000 Griffith courthouse upgrade | \$688,000 Koorngal Crossing | | Fees – Operating \$12,333,000 |
| \$720,000 Griffith Base Hospital Maternity upgrade | \$100,00 Yenda Waste Management | | Fees Capital – \$6,510,000 |
| | \$200,000 Griffith library | | Development Contributions \$200,000 |
| \$5,405,000 | \$23,988,000 | \$1,230,000 | \$54,381,000 |

Would you please be able to add a correction as an addendum to our submission which reads...

Griffith City Council would like to make a correction in our submission. On page 8, in Table 1 under State competitive based funding, please remove the \$23m transfer waste station. This information should be removed from this table. This revised figure of \$2.3m was for a Local Infrastructure Renewal Scheme, which is a loan and not a grant.

This correction has altered the funding received from NSW, Griffith City Council wishes to represent the correct data in our submission and would like for this to be noted.

The correction should read...

Table 1: State Funding for Griffith and Council's own funding streams for the last twelve months

| State Asset funding | Competitive based funding | State based grant revenue to Council | Council's own source funds |
|----------------------------|--|--------------------------------------|----------------------------|
| \$4m new Ambulance Station | \$23m - this is incorrect - to be removed | | Rates - \$27,488,000 |
| \$685,000 Griffith | \$688,000 Koorngal | | Fees – |

| | | | |
|--|------------------------------------|--------------------|---|
| courthouse upgrade | Crossing | | Operating \$12,333,000 |
| \$720,000 Griffith Base Hospital Maternity upgrade | \$100,00 Yenda Waste Management | | Fees Capital – \$6,510,000 |
| | \$200,000 Griffith library | | Development Contributions \$200,000 |
| \$5,405,000 | \$988,000 | \$1,230,000 | \$54,381,000 |
