Dear Committee Secretary and Senators,

Inquiry into the Banking System Reform (Separation of Banks) Bill 2019

I agree with the above Bill. To protect the monies that I have worked hard for. To be able to have access to my monies and not be placed in a situation that already exists in other parts of the world, were I will be prevented from having full access to and also being forced to pay interest on my monies while the banks will still be able to profit from said monies.

I am fully employed and manage a family business, I believe the passing of this Bill is important for maintaining the good standing that the Australian banks currently hold within global finance industry. By introducing this Bill we as a country will also benefit, from peoples around the world having faith in depositing and investing in the Australia system.

Kind Regards,
