

**Subject:** Submission - EPBC Act (Retaining Federal Approval Powers)  
**Date:** Thursday, 17 January 2013 4:59:52 PM

---

Dear Sir/Madam

I am opposed to the Commonwealth delegating the approval of proposed actions covered by bilateral agreements to a state or territory.

1. The flora and fauna of Australia should be managed as a cohesive unit and not be subject to artificial boundaries.
2. Migratory species should not be considered differently in one state to another.

regards

Imelda Jennings
