

5 th March 2010

MS Penny Wong,
Attention Senate Enquiry,
Native Vegetation Act,
Parliament House,
Australia

Dear Ms Wong,

(Objection to Native Vegetation Act)

We are **totally opposed** to the Native Vegetation Act in all respects. We believe that this takes away a common law right to own property without interference and restrictions from Governments.

I t defies our constitutional rights. We have had enough of governments with their stupid ridiculous rules preventing us from making a living from our land which we lawfully purchased. Governments have no right to intervene without just compensation.

Yours Truly,

Paula A.Mclver

Irvin T.B. Mclver
