Dear Mr Watling

Joint Select Committee on Australia's Immigration Detention Network

The following information was requested during my submission to the Joint Select Committee on Australia's Immigration Detention Network held in Adelaide on 15 November 2011.

I provide the following information in response to the queries highlighted in italics.

In the last 12 months, how many times have police been called to instances in the general township of Woodside?

Ms Killmier: *I have not got that information. I could probably find that for you but I have not got it at hand.*

Senator CROSSIN: *It would be useful. Could you take that on notice and let us know how many times police have been called to domestic violence instances in Woodside or any other areas there.*

Ms Killmier: *They police not just Woodside but a wider country area as well. So it would have to be for that area that they police.*

Senator CROSSIN: *All right.*

ACTING CHAIR:

Ms Killmier: *They do, but if, say, the patrols were tied up, then another local service area would move their resources across to backfill. So it is not as simple as their doing all the jobs, because they actually do not. There might be a traffic patrol going through on their way to police the Dukes Highway or something else, and they might do a job on the way. We use resources from all over the place. I can give you the Woodside figures, but they might not give you an accurate picture of how many they attend or how many incidents there are. Mount Barker is a much bigger station. It is the headquarters station. So there are more patrols there that come out and help Woodside as well.*

Senator CROSSIN: *A general indication would be useful. So, of those 13 instances, you are telling us that there were no arrests following those?*

Ms Killmier: *There were no arrests by us*

Senator CROSSIN: *How many would you have referred to the AFP?*

Ms Killmier: *I do not have that information listed here; I will get it for you—exactly how many were referred to the Australian Federal Police*

Government
of South Australia

For information relating to those incidents referred to the AFP, see table below.

WOODSIDE

For the purpose of this report, we have compared 11 months prior to the establishment of the Detention Centre to the 11 months after.

Police Incident Reports

- Offences occurring within the Woodside Police District (including Lobethal, Birdwood, Oakbank etc) decreased from 234 before to 205 after
- The only areas to have increased were Theft from Motor Vehicle and Serious Criminal Trespass (residence)
- Rape, Other Sex Offences and Assaults have all decreased
- Of these offences, the number being submitted by Woodside police has decreased and the number taken by the Call Centre has decreased but the number taken by Mount Barker (the major patrol base) has increased

Offences occurring in the suburb of Woodside have also decreased.

The only offence type that has increased in the suburb of Woodside is "Other Public Order Offences".

Apprehension Reports

Officers from Woodside Police Station have submitted more apprehension reports since the establishment of the Detention Centre than before.

In contrast, Mount Barker Criminal Investigation Branch and Mount Barker Police Station have submitted significantly less since the Centre has been established.

Patrol Taskings

In the last 12 months (1/11/10 to 31/10/11) in the Woodside Patrol Area records show a total of 957 taskings;

- 862 required a patrol response
- 34 were traffic camera set ups, leaving a total of 828
- Woodside Patrol members attended 322 of these taskings
- 228 were in Woodside (the town) and Woodside patrol members attended 100 of these
- 11 taskings had a domestic coding
- 5 of those domestics were actually in Woodside (the town) of which 2 were attended by Woodside Patrol members

Some of the other patrols who responded to taskings within the Woodside Patrol Area included Mount Barker Patrols, Gumeracha Patrols, Eastern Adelaide Local Service Area Patrols and Strathalbyn Patrols.

Just to follow-up on what was said before: as to the 13 incidents you have been called to Inverbrackie over, have you got a breakdown of what those matters were?

The amount of times police have attended (17) was amended in my previous submission.

Mr BRIGGS: *You talk about resources. Just following up from Senator Crossin's question, I think it would be worthwhile if, when you supply the information about the Woodside and Mount Barker service areas, you also say what population they service, if we are going to compare apples with apples.*
