

Dear Sir/Madam,

I was unable to find a Reference to the Committee meeting in Canberra today so I have used this email address. Please pass this on to the Correct Committee.

Why is it taking so long for Legal Action against the Contractors? Surely these Contractors are Accountable and Swift Legal Action should be taken to ensure notification to Illegal Contractors that what they are doing is clearly illegal.

The total lack of Legal Action is telling these "Fly By Nighters" that they can get away with whatever they want to !!! To see Kids climbing up on roofs is an absolute disgrace !!!

Your Sincerely,
Paul Johnson
