ANSWERS TO QUESTIONS ON NOTICE

Agency: Australian Taxation Office
Topic: Administration work

Question:

Senator PATRICK: I'll keep this very specific to the tax office. Have you received any advice as to when it's likely that that administration work would be required to be put into execution?

Ms Saint: Not that I'm aware of, Senator. It's certainly something I'm happy to confirm, but not to my personal knowledge.

Answer:

At this stage, the ATO has not received advice as to when the administrative work for the Extractive Industries Transparency Initiative (EITI) will commence.

While the ATO is a member of the EITI Multi-Stakeholder Group, the Department of Industry, Science, Energy and Resources is responsible for the implementation of the EITI in Australia.
