

Senate Standing Committee on Finance and Public Administration

Attorney-General's Department

Hearing date: 08 April 2024

Question date: 12 April 2024

David Pocock asked the following question:

Please provide any advice provided to the Attorney-General in relation to reform of the lobbyist code or the lobbyist register since 22 May 2022.

The response to the question is as follows:

Consistent with longstanding practice, the Attorney-General's Department does not disclose the content of advice to the Attorney-General. Decisions about reform of the lobbying code or register are matters for the Government.
