Parliament House
Canberra ACT 2600

Dear Chair

I write to you concerning the Parliamentary Joint Committee on Intelligence and Security's Review of the Telecommunications and Other Legislation Amendment Bill 2025.

The Department has identified an error in the Department's submission relating to the number of International Production Orders for stored communication and telecommunications data sent by relevant agencies in Australia to prescribed communication providers under the *Government of Australia and the Government of the United States of America on access to data for the purpose of countering serious crime* (Australia-US Data Access Agreement).

The reference for correction is in paragraph 36, which states:

As of 3 September 2025, 127 International Production Orders for stored communications and telecommunications data have been sent by relevant agencies in Australia to Covered Providers under the Australia-US Data Access Agreement.

I am providing the following correction to the submission:

As of 3 September 2025, 107 International Production Orders for stored communications and telecommunications data have been sent by relevant agencies in Australia to Covered Providers under the Australia-US Data Access Agreement.

I appreciate the opportunity to provide this factual correction.

Yours sincerely

Parker Reeve
Acting First Assistant Secretary
Criminal Justice Division
