

Request	Sub-Request	Answer (if available)
Please provide attendance data by year level	Please provide attendance data by year level	- See Overall \ ACCS \ Urban Tabs
	Do you collect data on reasons for absenteeism?	Yes
	If so, please provide the categories you collect data against	- See AbsenceCodes tab
	Please provide the absenteeism data by year level and by category you collect this data under.	- See Overall \ ACCS \ Urban Tabs
What is your attendance target level for students? Is this consistent across all year groups?	What is your attendance target level for students? Is this consistent across all year groups?	100%
	If this varies by year level, please provide the target for each year level.	100%
Have you done any analysis work on the linkage between student attendance and student academic performance?	Have you done any analysis work on the linkage between student attendance and student academic performance?	No
How much of a gap are we seeing between the academic outcomes of children engaged in school refusal, and other students?	How much of a gap are we seeing between the academic outcomes of children engaged in school refusal, and other students?	CENT has not undertaken this analysis.
How many children are enrolled in a form of education, other than mainstream school, including:	Home School (and provide data)	None - Not offered
	Virtual School (and provide data)	None - Not offered
	Distance Education (and provide data)	None - Not offered
	Other (and provide data)	None - Not offered
Is data collected on the reason a student is not attending mainstream school and why an exemption has been provided?		No
Is data collected on the reason a student is not attending mainstream school and why an exemption has been provided?		None - Not offered
Is data collected on student academic performance for students enrolled in alternative forms of schooling (as above).		No - Not offered

How much of a gap are we seeing between the academic outcomes of children engaged in school refusal, and other students?		CENT has not undertaken this analysis
Do schools with higher rates of school refusal also have poorer academic performance among the rest of the student body?		CENT has not undertaken this analysis
What is the academic performance like of schools that are specifically geared towards reaching students who engage in school refusal? (e.g. Virtual Schools Victoria is one such school the committee is aware of)		CENT has not undertaken this analysis
What academic outcomes do we see among students who have previously engaged in school refusal, but have since returned to school?		CENT has not undertaken this analysis
What data is there on the effect of school refusal on students' employment opportunities later in life?		None - CENT does not track post school education or employment.
What work has been done to understand the complex factors that influence student absenteeism?		Schools internally review their attendance data and discuss factors that affect their locale and demographic.
What policies do you have that support students and their families re-engage in school when experiencing school refusal?		Urban Schools have local policies to drive student and community engagement. Aboriginal Catholic Community Schools (ACCS) maintain a "Passive" roll of students who are Unexplained Absent for 20 consecutive days, and not confirmed to be enrolled in another school. This information is shared between School and local agencies to improve student engagement.
Has any work been done to identify students who may be at risk of school refusal?		CENT has not undertaken this analysis

	What intervention strategies are in place to support these students and families?	CENT Urban schools engage student and families directly on a case by case basis. Additionally, Remote schools work with Community Engagement Officers and Programs to improve and retain attendance.
