

Subject: Sex Discrimination Amendment (Sexual Orientation, Gender Identity and Intersex Status)
Bill 2013

I oppose the above Bill on the grounds that it would result in the following consequences:

- A pastor of a church not being able to lawfully refuse to employ a homosexual youth worker
- A Christian school not being able to lawfully refuse to employ a homosexual teacher
- State schools not being able to refuse to have to teach that sodomy is normal and natural

I respectfully request the committee to recommend that the Senate oppose this Bill.
