Question:

What additional steps were taken to protect staff at TCC following this positive test?

Answer:

There were a number of additional steps taken to protect staff at Tuggerah Smart Centre following confirmation that a staff member had tested positive to COVID-19.

- The site was temporarily closed and deep cleaned in accordance with both the Federal and NSW Department of Health guidelines. The deep clean occurred on the evening of Saturday 18 April 2020.
- All staff received a call from a leadership team member on 18 April advising them of a staff member testing positive to COVID-19 and the temporary site. This included advice to seek medical guidance from either NSW Department of Health or a medical practitioner.
- The staff member who tested positive to COVID-19 provided NSW Health with a list of close contacts and NSW Health instructed staff identified as close contacts to self-isolate pending further instructions from them.
- Both Federal and NSW Departments of Health were contacted by Services Australia regarding the temporary site closure and required next steps to be undertaken for the site to be cleared to be reopened. A site inspection was arranged with NSW Health for Monday, 20 April 2020 as part of the NSW Health risk assessment process.
- Following the inspection on 20 April 2020, NSW Health placed all staff who had worked on site 5 – 14 April 2020 into a period of mandatory home self-isolation.

Question:

What steps have been taken to support those staff and their household?

Answer:

A number of steps were taken to support Tuggerah Smart Centre staff after one staff member tested positive to COVID-19.

- Tuggerah Smart Centre leadership team members maintained contact with all staff during the isolation period. Staff with medical related questions or concerns were advised to contact a medical professional or the Department of Health.
- Text messages were sent by the local leadership team to all staff with information from NSW Health.
- Staff were provided with mobile computing equipment to allow them to work from home for the period of their self-isolation.
- The Employee Assistance Program (EAP) was available to staff both during and after the isolation period.
- NSW Department of Health conducted follow up well-being phone calls throughout the isolation period to staff.

Topic: Debts on Hold

Question reference number: IQ20-000067

Member: Katy Gallagher

Type of question: Written.

Date set by the committee for the return of answer: 15 May 2020

Number of pages: 1

Question:

How many debts have been placed on hold at the request of debt recipients following Minister Robert's media release on 3 April, 'Pausing debt activity during the coronavirus pandemic'?

a. Could a breakdown be provided by payment type (Family Tax Benefit, Youth Allowance etc)?

Answer:

Services Australia (the Agency) is unable to provide information about the number of debts paused at the request of a customer as providing this information would require manual checking of individual customer records as to the reason for their call, which would be an unreasonable diversion of Agency resources.
