

Supplementary information for: Inquiry into the Use and Marketing of Electronic Cigarettes and Personal Vaporisers in Australia

Supplementing submission #4 by Dan Jackson

Addressing first term of reference: 1. The use and marketing of E-cigarettes and personal vaporisers to assist people to quit smoking. And 5th term of reference: 5. Any other related matter.

This will be short and sweet. I just wanted to make a note concerning both marketing and local small business.

I own several mods, 2 of which were produced in Queensland. I came across these small businesses online in vaping communities. Without the online presence, I would not have access to these makers.

These local quality devices have aided me in my journey off the smokes.
