

**Subject:** NT Parnership

I call on you and the commission to request that the Government withdraw the Stronger Future in the Northern Territory legislation.

Elders in the NT call for real partnership .

In order to pave a way forward I call on you and the Commission to dialogue with Organisations such as

The Australian Council for Social Service, the Australian Education Union,

Aboriginal peak Organisations in NT and all the organisations that are delivering services throughout the NT to people on the ground.

Thank you

Yours Sincerely

Therese Quinn
