As discussed late this afternoon with Geoff Dawson, we include the following:

- the Secretary's opening statement to the Inquiry hearing
- the Minter Ellison risk register from 9 April 2009 (I understand this has already been tabled), and
- the cost to the department of the Minter Ellison risk assessment report.

Attached are:

1. The Secretary's opening statement to the Inquiry hearing, and
- 2 Risk register - excel spreadsheet detailing individual risks.

Explanatory note: In regard to the risk register, the following key to the codes will be of assistance:

E - extreme risk

H - high risk

M - medium risk

L - low risk

Level 5 - the most likely with Level 1 the least likely to occur.

The cost to the department of the risk assessment report from Minister Ellison was \$28,985.
