'To whom it may Concern'

Dear Sir / Madam,

I am writing in regards to the Medicare Chronic Disease Dental Program.

I have been attending this program in recent months and I am very grateful for it to be in service. It has had a very beneficial effect on my health and mouth. I am talking and sleeping much better. My self-esteem is much higher because of this treatment. My teeth are greatly improved and now I am not self-conscious to smile, also the pain is not so constant - it is now bearable.

I wish this service to continue as it has made a big difference to my life.

If you want to talk to me my home phone is

yours sincerely
