

**JOINT SELECT COMMITTEE ON AUSTRALIA'S
IMMIGRATION DETENTION NETWORK**

Q134

Question: What is the percentage of people who turn up and cannot be accounted for?

Answer: Of the 871 IMAs who arrived between 1 July 2011 and 30 September 2011, 647 (74.28%) were undocumented.

("Undocumented" means holding no form of identifying document (official or semi-official) which contains, at a minimum, the IMA's name – "Documented" means documents presented also include photocopies and electronic copies of originals not currently available or which have been lost or destroyed in transit to Australia).
