

**Education and Employment Legislation Committee**  
**Inquiry on the quality of governance at Australian higher education providers**

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-001

Senator Pocock provided in writing.

***External consultancies***

**Question**

1. Have documents prepared by NOUS ever been provided to Council with ANU branding on them? If yes, please provide these documents.
2. Have documents prepared by other consultants ever been provided to Council with ANU branding on them? If yes, please provide these documents.
3. Have documents prepared by NOUS ever been provided to Council without NOUS branding on them? If yes, please provide these documents.
4. Have documents prepared by other consultants ever been provided to Council without clear branding on them? If yes, please provide these documents.
5. Please provide a list of the consulting firms that the ANU has ongoing contracts with or who have completed work for the ANU in the past 12 months.

**Answer**

ANU notes for broad background that the University has had 496 meetings of Council since the university was founded. As per separate advice to this Committee, Council meeting packs can be hundreds of pages long. Every Council paper, including its recommendation, has a clearly identified internal ANU sponsor, who determines what source of information they draw upon to inform their various papers and proposals – including, for example, auditors, architects, legal professionals. This allows access to external expertise to inform University operations. This practice is not unique to the ANU. It would be common for any Council or Board of a similarly sized institution.

We do not have any reasonable means to retrospectively disaggregate sources of input to council papers over all 496 meetings.

Reflecting this, responses to Questions 1 - 4 (below) have been provided for ANU Council meetings since 1 January 2024.

1. Since 1 January 2024, there have been no documents prepared by NOUS that have been provided to Council with ANU branding on them.
2. Since 1 January 2024, there have been no documents prepared by other consultants that have been provided to Council with ANU branding on them.
3. Since 1 January 2024, there have been no documents prepared by NOUS that have been provided to the Council without clear branding on them.
4. Since 1 January 2024, there have been no documents prepared by other consultants that have been provided to the Council without clear branding on them.
5. ANU has historically not distinguished between consultancy vs contracts for professional services within its chart of accounts. In addition to those activities that would commonly be considered a consultancy, expenditure transactions in the relevant code can also encompass such things as:
  - Professional services to support research contracts

- Professional services (e.g. audit, tax advisory)
- Software development and support
- Contractors engaged through third parties

A report of vendors within the account codes that make up the contracted and professional services which includes consultants yields a result of 861 vendors. Data cannot be disaggregated in the time available to provide an accurate record of consulting firms versus professional service contracts that the ANU has ongoing engagement with or who have completed work for the ANU in the past 12 months. We are happy to work with the Senator to interrogate the 861 entries to provide him with the information he is looking for.

For reference information on consultancy engagements and expenditure was shared with the ANU community in June 2025 (Attachment 1) and further information on consultancies specific to Renew ANU can be found in answer to Question on Notice for Additional Budget Estimates 2024-2025, AEQ 25-006.

## ANU Consultancy Expenditure and Engagements

### Purpose

As part of Renew ANU, the Expenditure Taskforce has been reviewing all aspects of non-salary expenditure across the ANU. This has included expenditure on consultants. This update aims to provide staff with background and context regarding the use of consultancies at ANU, clarifies expenditure reporting for consultancies, and outlines recent engagements – particularly those associated with Renew ANU itself.

### Background

Consultants can **provide valuable support** to the University, particularly when a specific skill set or capability is not available internally, where there are capacity limitations, and where expert, objective insights are needed. However, even when consultants add value, it remains important, and **financially responsible**, to monitor and review our use of consultancies to identify potential opportunities for cost savings and greater efficiency.

One of the challenges faced by the Expenditure Taskforce when University expenditure on consultants was being reviewed, was the breadth of activities that have traditionally been included in financial categorisation and reporting on consultancies. This broad categorisation made it particularly difficult to analyse the financial data in detail, draw accurate conclusions and make informed recommendations. Taskforce representatives and Finance and Business Services (F&BS) staff, have been collaborating to address this.

### Clarifying Reported Consultancy Expenditure

Expenditure at ANU is highly devolved, with purchase transactions originating from every College and every Portfolio and approximately **6000 Accounts Payable** transactions and **15,000 purchase card** transactions university wide each month.

When an invoice is processed through Accounts Payable workflow, or a purchase card transaction is acquitted in Concur, it is 'coded' to an expenditure category using the ANU [Chart of Accounts](#). This Account Code is used to describe what the expenditure relates to, and enables reporting and analysis against expenditure categories. The Account Code applicable to consultancies is 5828.

In the 2023 Annual Report, ANU reported \$53.9 million in **consultancy expenditure** at the University level (and \$62.7 million at the consolidated level which includes subsidiary entities such as ANU Enterprise).

Further analysis of our financial records shows that this **2023 consultancy expenditure** represented more than 2300 individual suppliers and 5875 transactions (comprised of 4235 transactions from Colleges and 1640 transactions from Portfolios).

ANU has historically categorised a wide range of activities as consultancies, and in addition to the activities that would commonly be considered a consultancy, the expenditure transactions outlined above also encompass such things as:

- Professional services (e.g. audit, tax advisory)

- Education agent commissions (e.g. paid for the recruitment of international students)
- Professional services to support research contracts
- Software development and support
- Contractors engaged through third parties

The broad categorisation of consultancy can result in misinterpretation and, in recent years, the need for improved clarity and control in this area has become increasingly evident. Improving how we define and classify consultancy will help reduce complexity and enhance the accuracy of budget analysis and forecasting. It will also support the identification of potential cost saving opportunities and enable more meaningful like-for-like comparisons with similar organisations for benchmarking purposes.

### Addressing the challenges with consultancy classification

To address these issues and improve transparency, a body of work is underway to capture and report on consultancy expenditure in a greater level of detail. This includes updating how consultancy is reported in our Annual Report, amending the Chart of Accounts to enhance expenditure classification and reporting, and establishing a clear definition of consultancy to be used within the University.

### Annual Report

In order to improve clarity, consultancy reporting in the Annual report will now be distributed across the following categories:

- Contracted and professional services (this category is most reflective of actual consultancy spend, but also includes expenditure on university wide contracts such as our cleaning contract)
- Research (e.g. consumables, training materials)
- Commissions to agents

The **\$53.9 million** in consultancy reported in the 2023 Annual Report, breaks down into the new categories as follows:

Category	2023	2024
Contracted and professional services	\$17.3M	\$16.4M
Research (e.g. consumables, training materials)	\$22.3M	\$19.9M
Commissions to agents	\$14.3M	\$15.6M
<b>Total</b>	<b>\$53.9M</b>	<b>\$51.9M</b>

This improvement enables the financial data being presented externally to be more readily understood and as a result, more accurate conclusions can be drawn.

### Chart of Accounts

Another body of work aimed at delivering the level of detail necessary to support accurate financial analysis has involved a review of the Chart of Accounts. Following this review, a new expenditure account was added to the Chart of Accounts in March this year, '**Commission to education agents**' (Account Code 5827). This now enables payments to education agents, made as part of the student recruitment process, to be recorded separately to consultancy payments.

As can be seen from Table 1 above, '**Commissions to agents**' has historically accounted for about 25% of the expenditure figure historically reported as '**Consultancy**'. By establishing the new account, account coding becomes more intuitive and resulting financial reports become more meaningful.

To further improve the clarity and transparency of consultancy expenditure, other additions to the Chart of Accounts are currently being considered and consulted. These include possible new accounts to record:

- Expenditure specific to professional services that don't fall within the definition of consultancy
- Expenditure specific to contractors engaged through third parties
- Expenditure specific to professional services that support research activities.

Work on the Chart of Accounts will continue, with the aim of achieving a balanced structure that is detailed enough to support decision making and reporting requirements, but not so granular that it becomes cumbersome to use.

### Definition of Consultancy

The absence of a clear definition of consultancy, increases the likelihood that expenditure will be recorded inconsistently across the organisation, impacting both the accuracy and reliability of any subsequent reports. To address this issue and compliment the improvement work on the Chart of Accounts, F&BS have recently developed and shared a clear definition of consultancy to be used across ANU.

The **approved definition of consultancy** is:

*The provision of professional, independent advice, and other strategic services that involve the development of an intellectual output which represents the independent views of the Service Provider and assists with entity decision-making.*

Importantly, this definition aligns with the [guidance](#) provided by the Department of Finance to Commonwealth entities to assist them to determine whether a procurement is considered a consultancy.

Improving the consistency of how consultancy services are classified within ANU and ensuring this aligns with the practices of comparable institutions, enables more robust analysis of consultancy expenditure and supports accurate benchmarking against others.

### Consultancy expenditure detail

#### The Big 4

When consultancy expenditure is discussed, particularly in the media, it is not uncommon for reference to be made to the '**Big 4**' consulting firms, comprising Deloitte Touche Tohmatsu (Deloitte), Ernst & Young (EY), KPMG and PricewaterhouseCoopers (PwC).

Expenditure by Commonwealth agencies on services provided by the Big 4 has received a lot of public scrutiny in recent years as a consequence of a marked increase in public money being spent on external consultants. This growth has raised questions about whether such expenditure represents good value for money and whether equivalent capabilities should be developed internally.

For these reasons, ANU closely monitors expenditure in this area and only a relatively small proportion of total consultancy expenditure is attributable to these large agencies.

- **2023 Big 4 spend:** \$1.4 million
- **2024 Big 4 spend:** \$1.5 million

and the services being delivered by these firms to ANU typically relate to audit and risk advisory, enterprise system capability, and corporate reporting.

### Renew ANU

Another area of interest for our community pertains to consultancy services that are being used to support Renew ANU. Through the provision of specialist expertise, independent analysis and additional capacity, consultancies, when used appropriately, are able to enhance the delivery of this important transformation and improve the end result beyond what could be achieved in isolation. It is important to note, however, that recommendations made by consultants are advisory only and that any change decisions are made by the University executive following appropriate consultation with the ANU community.

Nous Group has been the primary provider of consultancy services specific to Renew ANU and Nous Group deliverables under the Renew ANU engagements are wide and varied. This has included:

- Provision of benchmarking data and analysis to ensure that decisions are evidence based and aligned to sector standards.
- Guidance on best practice organisational design to support the Renew ANU objective to return the University to financial sustainability.
- Providing practical support through workshop facilitation, artifact preparation and document templates to accelerate the delivery of Renew ANU objectives.

Nous Group is widely recognised for expertise in higher education strategy, having partnered with multiple universities nationally and internationally through similar change initiatives. They have also had a longstanding relationship with ANU, dating back to at least 2016, and are very familiar with our core business and our strategic objectives.

To date, the University has had two contracts with Nous Group specific to Renew ANU.<sup>1</sup> Expenditure on the first contract totalled \$1.2 million (including extensions and excluding GST).

The second contract was executed in April 2025 with a maximum value over the full life of the contract (6-month initial term and 6-month option period) of \$2 million.

In addition to Nous Group, a number of other suppliers have delivered services classified as consultancy services (at that time) as part of the Renew ANU transformation work. These services have included career development workshops for staff impacted by change implementation, media and communications advisory and organisational design support with a total cost of approximately \$180,000 (excluding GST).

Earlier this year, the University provided specific details regarding all Renew ANU consultancy related expenditure to the Senate Standing Committees on Education and Employment. For those that are interested, these details can be accessed from the parliamentary [website](#).

---

<sup>1</sup> Early in 2024 and outside the scope of Renew ANU work, Nous Group was engaged to conduct a strategic benchmarking analysis of the higher education sector at a total cost of \$48,000 (ex. GST).

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-002

Senator Pocock provided in writing.

***University Financial Plans***

**Question**

1. The "University Five Year Financial Plan Including 2024 Budget and 2025-2028 Forward Estimate" includes \$632 million in capital expenditure. What is the total capital expenditure in 2024 and 2025? How does this compare to what was planned for in 2023? What is the total capital expenditure planned for 2026, 2027 and 2028? How does this compare to what was forecast in the 2023 financial plan? Has some of the planned CAPEX been reclassified as being OPEX? What is the impact of this on actual and forecast CAPEX and OPEX? What is the impact of any such reclassifications between OPEX and CAPEX on the operating result of the ANU?
2. Please provide the updated University Financial Plan that Mr Lonergan referred to, which better takes into account the ANUs challenges in attracting international students.

**Answer**

ANU has sustained, ongoing and continuous engagement with Senator Pocock and his office. In 2024, this included meetings with the Vice-Chancellor on 20 May and 9 August, as well as an online call on 10 October. In 2025, Senator Pocock exchanged texts and phone calls with the Vice-Chancellor in April. The Vice-Chancellor and the Chief Financial Officer met with the Senator on 17 July. The Senator also met with the Chancellor on 22 July 2025. In addition, Senator Pocock and his office receives weekly update emails from the government relations team. The ANU would welcome further meetings with the Senator to answer any technical financial questions.

1. Please see attachment with further information about capital and operating expenditure.

For guidance and as per the attached:

- CAPEX expenditures were reviewed and reclassified, resulting in a \$43m shift from CAPEX to OPEX in 2024, relative to the 2024 budget assumptions. This reflects in particular that traditionally, software was often purchased as a perpetual license and installed on a company's own servers. This made it easier to classify as a long-term asset (CAPEX) that would offer future economic benefits. However, the growth of cloud computing arrangements (CCA), especially Software as a Service (SaaS), has changed this landscape. The shift from Capital Expenditure (CAPEX) to Operating Expenditure (OPEX) in the context of stricter accounting standards, particularly from 2023 onwards, regarding software and other IT development, is mainly driven by efforts to provide a more accurate and transparent view of an entity's financial performance and assets. This change is chiefly influenced by updated guidance from accounting bodies like the International Accounting Standards Board (IASB) and the Financial Accounting Standards Board (FASB). Accounting standards, like IAS 38 (Intangible Assets) under IFRS, define strict criteria for an expenditure to be capitalised as an asset—identifiability and control, future economic benefits, development versus maintenance.

- the CAPEX plan developed in 2023, for the 2025 – 2028 period was largely maintained in the 2025 financial plan, noting the change in accounting treatment of software costs outlined above.
- with the strict accounting standards, ANU built its 2025 budget guidance for capital expenditure as follows.

### **Capital Expenditure**

Similar to the 2024 – 2028 financial plan, the Capital Plan will focus on:

- Facilities works that are either of a critical nature or completion of existing construction projects with no significant new builds planned nor budgeted for. This accounts for necessary safety upgrades and upgrades to campus infrastructure that are classified as in poor or very poor condition. Additional funds are included into the budget to accommodate projects such as the Environmental Management Plan (EMP) and support for the Learning Space Teaching upgrade project.
- ANU Digital Plan related investment which continues to be a priority for investment however having been reviewed through a prioritisation process with input from the Digital Services Strategy Board. Budget methodology has been updated to reflect a greater proportion of Operating expenditure, more in line with current experience. Previous approach was to budget as Capital expenditure and move to Operating as business cases were approved. This has caused material variances across financial reporting. The revised approach for budget development aligns to accounting treatment, noting the expenditure has been separately identified as a strategic investment for a defined period.
- Investment in Digital Plan for 2025-2028 (up to a total investment of \$280m - the total lifetime budget previously approved by Council) is being treated as an exceptional item and outside of the target operating margin levels. Any remaining related activities beyond this will be treated as part of the operating expenditure of the university and will fall within the operating result targets.
- Information Technology related infrastructure and application maintenance related investment required to maintain current applications and infrastructure up to date and services continuing. This is an area which is being reviewed for optimisation and savings.
- Information security related works with a focus on investments in the Network modernisation project, along with a number of smaller network access and visibility investments.

Please note, all capital expenditure above \$1.5m require a business case and for the avoidance of doubt, inclusion of items in the financial plan are not a deemed approval.

It is important to also note that while the major part of the re-classification was related to Digital plan costs, in calculating the 2026 'break-even' target (as shown on page 2 of this document - [Renew ANU May 2025-Financial Update.pdf](#)). These Digital plan costs are disclosed separately below the Operating result as a 'normalising adjustment' and outside of the calculation of the target operating result of breakeven by 2026.

2. Please see link for an overview of the 2025 Budget & 2026 forward estimate [Renew ANU May 2025-Financial Update.pdf](#).

This takes into account ANU's current experience and priority in attracting international students.

Please see pages 4-5 of [Appendix A - Supporting Information](#) from March 2025 which provides further analysis of the current market and headwinds; this includes:

*The previous 2024 – 2028 budget had assumed higher revenue growth of 5.7% per year. The key driver of the now revised revenue outlook is reduced international student revenue, which is projected to be \$130 million lower (in 2026) than our prior approved projections.*

**Capital Expenditure Outlook 2025-26**

<b>Total DP</b>	<b>24</b>	<b>15</b>	<b>41</b>	<b>35</b>	<b>0</b>

**Education and Employment Legislation Committee**  
**Inquiry on the quality of governance at Australian higher education providers**

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-003

Senator Pocock provided in writing.

***International student recruitment***

**Question**

1. The Vice-Chancellor has said that ANU has a cost problem and that growing international student revenue is not an option. Given that the Government is not reducing the number of international students, is this still your view or do you now think that recovering international student revenue is a viable option?
2. How many unconditional offers were provided to international students in 2023,2024 and 2025? How many of these offers converted to actual enrolments? Please provide the data by semester for each year.
3. How many conditional offers were provided to international students in 2023,2024 and 2025? How many of these offers converted to actual enrolments? Please provide the data by semester for each year.

**Answer**

**Question 1:**

The University's Annual Reports from 2020 until 2024 demonstrates that the cost problems exist. ANU continues to be committed to growing international student numbers up to the New Overseas Student Commencement (NOSC) which has been allocated to us by the Department of Education.

In 2025 the University's NOSC allocation was 3,400 students. The University currently has used 2,883 of its NOSC allocation as at 19 August 2025 (83.85%) and consequently under Ministerial Direction 111 the University will be allocated Standard rather than High priority Visa processing for the remainder of 2025 as we have exceeded the prioritisation threshold.

The University still has capacity under its current allocation to admit another 517 non-exempt students and is continuing to work towards meeting that target.

The University welcomes the [announcement](#) that the 2026 National Planning Level (NPL) will grow by 25,000 places and the assurance that public universities will receive an allocation no less than that they received in 2025. This is an important market signal to prospective students and our international education agents that Australia remains committed to international education.

However, as the policy landscape is still unstable and given that constraints and uncertainty remain in the international education market, it is the view of the University that it would be financially imprudent to rely wholly on growth in yet unrealised international student revenue as the primary mechanism to address financial viability concerns.

1. [Department of Education 2023 Perturbed Student Enrolments Pivot Table](#)

## Question 2 and 3:

Academic Year	Offer category	Metrics	Intake Term					Total	
			Summer	Sem 1	Autumn	Winter	Sem 2		Spring
2023	Conditional offer holders	Offer recipient count	122	408	64	58	453	31	1136
		Enrolment count	46	135	42	23	217	4	467
	Unconditional offer only	Offer recipient count	368	5346	37	588	7213	111	13663
		Enrolment count	145	1660	26	227	2374	72	4504
2024	Conditional offer holders	Offer recipient count	156	347	9	278	2188	37	3015
		Enrolment count	66	162	4	66	439	11	748
	Unconditional offer only	Offer recipient count	454	4086	53	459	4615	65	9732
		Enrolment count	196	1324	49	139	1511	49	3268
2025 YTD	Conditional offer holders	Offer recipient count	528	3572	15	806	9522	36	14479
		Enrolment count	109	710	8	94	1002	0	1923
	Unconditional offer only	Offer recipient count	487	3086	64	351	1973	21	5982
		Enrolment count	181	987	55	107	685	0	2015

Please note the following when interpreting this data which has been prepared to the questions on notice:

- Prior to Semester 2 2024 the University's admission policy settings only allowed conditional offers to be made under exceptional circumstances, not as a standard admissions offering
- The data excludes internal transfers, although it's important to note that in some circumstances where the student is moving to a non-cognate discipline the Department of Education would potentially count these students as a new commencement in their data sets and this is one element which could account for some differences between this data and the final reported numbers available on the Department of Education website.
- The data is inclusive of all international students, including exchange students which do not generate revenue for the University, however are nonetheless important to our student experience.
- The data is presenting the highest preference outcome per applicant. Many of our prospective students have more than one preference/application/offer and can apply for more than one semester.
- 2025 data is as at 19 August 2025. 2025 intakes remain open in 2025 for Higher Degree Research students.
- The data includes students that are within the University's NOSC and those the Department considers NOSC exempt.

**Education and Employment Legislation Committee  
Inquiry on the quality of governance at Australian higher education providers**

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-004

Senator Pocock provided in writing.

***Breach of ANU Council confidentiality***

**Question**

1. An on campus bulletin on 8 July 2025 referenced an alleged breach of Council confidentiality. Can you please provide more information about the nature of the concern and how the University is responding to it?
2. Is it correct that the ANU has appointed one of the big four consulting firms to look into this? If so, what is the value of the contract entered into?
3. Is it correct that the Chancellor emailed Council members advising them that there would be no further out of session meetings until the “leaker” was identified? Is it correct that council members were prevented from accessing council systems?

**Answer**

1. The concern was about the integrity of processes and data following a meeting of the University’s governing Council; and, whether any breaches or contraventions of ANU legislative obligations, or ANU policies and processes, were identifiable. Deloitte was engaged by the University’s General Counsel to undertake an independent and expert investigation. As at the time of this response, the matter has been concluded and Council has been informed of the findings and recommendations.
2. Yes, as answered in response to the second part of Question 1. The estimated cost of providing those services was between \$25,000 and \$35,000, inclusive of GST and expenses.
3. This is incorrect. Please see emails attached with confidential correspondence on this issue between the Chancellor and Council members.

**From:** Chancellor

**Sent:** Friday, 15 August 2025 1:13 PM

**Subject:** Update on 3 July meeting

Dear Council members

This week has been a particularly distressing week for many at the ANU, and in light of the Senate hearing last Tuesday, I want to assure everyone affected, including those directly or indirectly named, that we are taking steps to address the issues and allegations raised.

The Senate has granted a right of reply which we are pursuing.

In the meantime, I am advised by our General Counsel that there is a further piece of work to be undertaken by Deloitte in the external independent investigation into the 3 July Council meeting procedures.

I am conscious of our obligations to continue to fulfill our responsibilities as Council members, and accordingly have sought advice from General Counsel as to whether the investigation is sufficiently advanced that we can reinstate access to Convene.

He has confirmed that it would be appropriate for access to be reinstated and I have accordingly copied in our Governance Office to ensure that is effected as soon as possible.

I am obliged to remind all members of their obligations under the relevant provisions of the ANU Code of Conduct including section 22, and Section 28 (b) of the Public Governance, Performance and Accountability Act 2013.

I have not copied in our new Council members on this email, Mr Andrew Metcalf and the Hon Wayne Martin, but hope to include them in an online meeting to be convened shortly.

With best wishes

Julie

**Subject:** ANU Council meeting 3 July - update CONFIDENTIAL

Dear Council

Further to my email of 4 July, I provide the following update:

As to my concerns about the unauthorised provision of confidential information to the media arising from our Council meeting on 3 July, I confirm that I requested our General Counsel to advise on appropriate steps to investigate what could amount to a breach of the PGPA Act and the ANU Code of Conduct.

General Counsel has advised that an investigation is warranted, that an external independent investigator be engaged on the basis of an expeditious outcome and that it would be prudent to pause the scheduling of informal meetings or briefings until the investigation is completed.

Each Council member present at the meeting at the relevant time may be interviewed by the external independent investigator (this will also include the University Secretariat) and, as I am sure we wish to return to business as usual as soon as possible, I ask for your urgent co-operation.

Further, in the interests of good governance, I have requested that access to Convene be paused to ensure the integrity of our confidential information pending the outcome of the investigation.

If any member has any concerns, please contact me and I will try to resolve any issues.

In the meantime, I have been advised today that it would appear the contents of my email to Council of 4 July have also been provided to the media, and so this additional potential breach may also be referred to the external independent investigator.

Our next scheduled Council meeting is 1 August in Canberra (on the assumption that the additional travel costs can be met within budget).

Please note that this communication is also confidential to Council members.

Regards

Julie

**Subject:** Council Meeting 3 July

Dear Council

It has come to my attention that there has been an unauthorised disclosure of confidential information arising from our online Council meeting held on 3 July.

A media inquiry directed to the ANU Head of Public Affairs today referred specifically to events that took place during the Council meeting yesterday. It appears that information from the meeting has found its way to a journalist. This could mean that there has been a potential and substantial breach of the PGPA Act, the ANU Code of Conduct and general good governance by a member of our Council.

Given the nature of this breach, and the impact it will have on Council members' ability to feel secure to engage in open and transparent dialogue during meetings, I have requested the University General Counsel's advice on the best means of expeditiously investigating this matter.

Until the investigation is concluded, I have instructed the secretariat to cease the arrangement of any out of session Council meetings or management briefings to Council.

Kind regards

Julie

**Office of the Chancellor**

Australian National University

**Education and Employment Legislation Committee**  
**Inquiry on the quality of governance at Australian higher education providers**

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-005

Senator Pocock provided in writing.

***ANU Council processes***

**Question**

1. Did the University Leadership prevent a vote from taking place at that out of session council meeting on a motion to pause any further forced redundancies?
2. How long are council members given to consider papers ahead of meetings?
3. When was the last time an Audit, Finance and Risk Committee meeting was observed by non-committee members who are also Council members?

**Answer**

1. There have been no motions about forced redundancies.
2. The Secretariat aims to provide Council members access to papers 7 days before a scheduled Council meeting. Advanced notice is provided if late papers are expected, with as much time as possible given to review.
3. 14 May 2025.

**Education and Employment Legislation Committee  
Inquiry on the quality of governance at Australian higher education providers**

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-006

Senator Pocock provided in writing.

***Vice-Chancellor role***

**Question**

1. Was Council informed of the VC's ongoing contract, and the value of it, with Intel? If so please provide the minutes from that meeting.
2. What is the value of the VC's contract with Intel?
3. Please provide the terms of the Intel contract. What work was the VC to do in exchange for the remuneration?

**Answer**

1. Following policies and procedures set out by the University, the Vice-Chancellor advised that she was an employee of Intel on 31 January 2024. Please see Council minutes attached where this was noted.

The Vice-Chancellor's employment with Intel ceased in November 2024 and is no longer ongoing.

2. The University does not and has never required this information based on established policies and procedures. The Vice-Chancellor has voluntarily and publicly disclosed in the past that her remuneration from Intel was approximately \$70,000 in 2024. Please refer to previous Question on Notice, AEQ 25-007.
3. The University does not hold this data; this is consistent with University policies and procedures.

**THE AUSTRALIAN NATIONAL UNIVERSITY  
COUNCIL MINUTES**

The 483<sup>rd</sup> meeting of the Council was held at **10.30am (Canberra) on Friday 9 February 2024** in the Innovation Space, Birch Building 35, ANU Campus, 35 Science Road, Canberra.

**Members present**

1. Chancellor, the Hon Julie Bishop
2. Pro-Chancellor, Ms Naomi Flutter
3. Vice-Chancellor, Distinguished Professor Genevieve Bell
4. Dr Anne-Marie Schwirtlich AM
5. Ms Padma Raman PSM
6. Ms Alison Kitchen
7. Professor Sarah Pearson
8. Ms Tanya Hosch
9. Professor Craig Moritz
10. Professor Lyndall Strazdins
11. Phoenix O'Neill
12. Mr Edan Habel
13. Dr. Liz Allen
14. Mr Millan Pintos-Lopez
15. Professor Joan Leach

**Apologies**

16. Dr Larry Marshall

**In attendance**

Chief Operating Officer - Mr Chris Price

Chief Financial Officer - Ms Anna Tsikouris

Professor Tony Connolly, Deputy Chair, Academic Board

**Secretariat staff**

University Secretary and Director, Governance and Risk - Ms Belinda Farrelly

Senior Governance Officer, CGRO - Ms Leslie McDonald

Senior Governance Officer, CGRO - Ms Emma Murrell (Zoom)

## PART 1 – PROCEDURAL ITEMS

### \*1 ANNOUNCEMENTS AND APOLOGIES

Council met in private session commencing at 9:00am. The following matters were discussed:

- Remuneration Committee Report
- Nominations Committee Update
- VC Transition update
- Discussion on psychosocial safety issues on campus

At the meeting, Council:

- Noted that Dr Larry Marshall is an apology – Chancellor noted that Council may need revisit members capacity to balance commitments and 2024 meeting schedule and confirm availability for all meetings.
- Welcome to Vice-Chancellor – Distinguished Professor Genevieve Bell
- Welcome to Professor Tony Connolly, Deputy Chair, Academic Board and Dean, ANU College of Law
- Farewelled and thanked Professor Joan Leach who will finish her second and final term as Chair of the Academic Board on 14 February 2024. Council noted the impact and transformation of the Board during her tenure and success in raising the importance of Academic Board and its profile and tackling important issues including the Voice and the Ukraine statement
- Farewelled and thanked Anna Tsikouris, Chief Financial Officer who will finish her term on 14 March 2024. Council thanked Anna for her service, her discipline, planning and expertise and noted the significant and lasting impact on the University during her time in the role.

### \*2 LEAVE OF ABSENCE

There were no requests from members for any leave of absence.

### \*3 DISCLOSURE OF MATERIAL PERSONAL INTEREST

Council **noted** that Professor Tony Connolly, an observer at our meeting today has an interest in item 12 - Appointment of the Chair of the Academic Board. Professor Connolly will leave the meeting for [the discussion of this item](#).

### \*4 ARRANGEMENT OF AGENDA

**Resolved:**

Council:

- Item 13 – Remuneration Committee Report – will be unstarred
- Item 20 WGEA Update – will be starred for discussion
- Item 24 Council and Committee Memberships – will be starred for discussion.
- Item 14 and Item 15 will be discussed directly after the Student Safety and Wellbeing Report (Item 9). This will be followed by Item 10 WHS Report and then Item 20. WGEA Report.
- Noted that there are no items included in Part 3, with matters for strategic discussion addressed at the Council Planning Day on 8 February.

## \*C5. MINUTES

### Resolved:

Council **approved** the minutes of meeting No. 7 the 482<sup>nd</sup> meeting (7/2023) 1 December 2023.

## \*C6 MATTERS ARISING – COUNCIL DELIBERATIONS

Council discussed each of the items on the Matters Arising list.

- There are currently nine (9) Matters Arising, with three (3) proposed for closure.
- There are 6 open items:
  - **Council Self-Assessment Report** – the Working Group met in July and areas of priority were identified. Work on these areas continues and are reflected in the 2024 forward meeting agenda. A meeting of the working group has been scheduled for later this month and will include input from our new Vice-Chancellor. Objective to have a more dynamic Council and how we ask the questions we need to ask.
  - **ANYOU Staff Engagement Survey** – the follow up PULSE survey has just closed and results expected to be available for the Council meeting in April 2024.
  - **Recognition for Dr Gordon Briscoe** - first indigenous PhD graduate and highly regarded member of ANU community – discussions on consideration of appropriate recognition of Dr Briscoe’s legacy are continuing.
  - **Development of dashboards** to support leading indicators in areas including the Financial Update, Strategic Plan and Staff Work Health and Safety Report has commenced but require further work. These are being prioritised to enable them to be available for Finance Committee and Council from March 2024
  - Communications update for Community on actions and follow up to **Critical Incident** on campus in September 2023.

### Resolved:

Council:

1. **Noted** the Matters Arising as updated since the meeting of 1 December 2023;
2. **Approved** the closure of three matters as proposed; and
3. **Noted** six matters remained open.

## PART 2 – KEY BUSINESS ITEMS

### \*C7 CHANCELLOR'S REPORT

The Chancellor reported upon various ANU activities undertaken since the last meeting, including:

- Working with Professor Schmidt and Professor Bell on transition and onboarding.
- Participated in and attended the Future Investment Initiative (FII) Institute priority summit in Hong Kong with a focus on *Will AI Build Better Leaders*. Large representation of leaders from across Europe and Asia and had discussions with CEO, Richard Attias, who is interested in having further meetings in the Southern Hemisphere. This presents an interesting collaboration opportunity for ANU to pursue.
- Graduation ceremonies – early December. Over 3985 students graduated and are always joyous occasions.
- AFR Business Person of the Year Awards – in capacity as ANU Chancellor. Boris Johnson was key note. Awarded to Gina Rinehart.
- End of Year staff garden party – excellent event, may explore improving some aspects.
- DVCRI process – participated in interview and nomination process.
- Remuneration and Nominations Committee meetings (as discussed in Members Only)
- Continuing to promote the University national mission and national presence – prime example, the current visit by PNG Prime Minister, Hon. James Marape. This official visit was the result of an invitation from the ANU when the Chancellor was in PNG in August 2023.
- The ANU has long had a strong association with PNG and University of PNG and this should continue and be further fostered and developed – and demonstrated to the Australian Government in relation to the University leadership and contribution to this key neighbour in the region.

#### **Resolved:**

Council: **noted** the Chancellor's Report.

### \*C8. VICE-CHANCELLOR'S REPORT

The Vice-Chancellor provided an update to Council and discussed matters including:

#### University Leadership and Staff Matters

- Transition stage. VC is a function and role needs to continue to operate during times of change. VC experience of transition into role will provide an opportunity to explore what worked well and what didn't and see how our onboarding experience can be improved.
- Engagement Survey – spend next 100 days in the community going to as many meetings/engagements as possible.
- A key focus and KPI is delivery of the successful suite of executive recruitment currently underway.
- The recruitment process for the new DVCRI has been finalised and the preferred candidate has accepted the role. Will bring important energy and reforms needed for the Portfolio.
- Recruitment for the Provost is well underway. 55 applicants, 12 met selection criteria. Interviews will be late February.
- Recruitment processes for the Chief Financial Officer and University Secretary through shortlisting and moving to interviews and stakeholder meetings.
- Commenced cultural reset starting with VC direct reports – performance conversations commenced and Performance Development Reviews (PDRs) initiated and to be put in place. Not just about their own roles, about how they are turning up as leaders for the whole organisation and around the key issues and challenges. This will enable and encourage the performance discussions to cascade to their teams and then into subsequent teams. Aim and target is to increase active number of PDRs.

- CHM Transform – undertaking a retrospective assessment of last two years of spending and operations. Discussions with Dean CHM ongoing.
- VC Strategic Fund – immature governance system around these so work commenced to enable greater visibility to the ANU community how funds have been distributed, what is has been used for and if intended outcomes have been achieved.
- Several open and current operational issues – another critical incident since last September.
- Concern re publications –Australia Day Honors list was provided to ANU late so identifying ANU was delayed – resulted in good conversations with alumni.
- Wesfarmers donation to Kambri Scholars program – thanked the Pro Chancellor for concept and work to deliver this important donation to a key University program.

#### Campus and Community

- Impacts of delays on visas for international student cohort – is very likely we will not meet budget targets in the first half of the year.
- Processing issue with Visa for international students. 300 offers but unable to travel to Australia – while some movement has been achieved in recent days (Thank you to the Chancellor for her support and involvement with this matter) still over 150 visas remain unapproved.
- Student load numbers are trending to be lower than expected at the start of this year.
- Commencement address next week – important event to mark the start of the Academic year – Council member attendance and participation encouraged.
- Open Day on 16 March 2024 – always a fantastic and inspiring day. Council members encouraged to attend.

In discussion, Council members noted:

- Requested a written summary (even dot point) report from VC for future meetings to help guide discussion.
- Members would find it valuable to hear back from VC on how things are tracking in relation to the key challenges and priorities noted and discussed.
- Management of VC public/media presence being carefully and strategically managed with appropriate plans under development.

#### **Resolved:**

Council **noted** the report from the Vice-Chancellor.

#### **\*C9. STUDENT SAFETY & WELLBEING REPORT**

Deputy Vice-Chancellor, Professor Grady Venville joined the meeting and spoke to the report:

- Noted that the SSWC Chair Catherine Fitzpatrick, Chair of the Student Safety and Wellbeing Committee (SSWC) was unable to join. Committee will meet first time for the year on 18 March.
- Sexual Violence Prevention Strategy – mid-way report being prepared by the UNSW Gender Violence Research Unit, will be submitted to SSWC in March and will provide to Council.
- Accord process – require all Universities to have **Support for Students Policy** – revised compliance date to 1<sup>st</sup> April 2024 will ensure we are compliant. Imparts new obligations on institutions.
- SSW Plan is going well – senior residents participating in training and students are completing the online module, recently module won award. Expect 100% residents participate in training – accommodations are made for religion/ethnicities.
- Disclosure tool – sexual misconduct, new version is live and includes racist and other types of behaviours.

- Council discussed the challenges on the new obligations as part of the required Support for Students Policy and difficulty in relation to where responsibility lies (e.g. for students failing) – has to be a line and have to work out where that line is and how much support can be given.
- There will be both internal conditions at the University and external factors that will be impacting students and their studies and perhaps looking at support systems so that if students want to study and engage, then they can succeed.

**Resolved:**

Council **noted** the Student Safety and Wellbeing Report.

**\*C10. STAFF WHS REPORT (1 JANUARY to 31 OCTOBER 2023)**

Chief People Officer, Kate Witenden and Deputy Chief People Officer, Kylie Grady spoke to this report and in discussion with members highlighted the following:

- Summary WHS Annual report for 2023 in papers with detailed WHS provided to Council members on secure server.
- Three Comcare audits last year – results were pleasing. Non-conformance matters (seven) were all procedural and three have subsequently been closed with work continuing on the remaining items.
- Incident hazard numbers – retreated to pre-shutdown numbers.
- Self-insurance report for 2023 also presented.
- Average claim costs have decreased since changing to self - insurance.
- Psychosocial claims are currently around 21% of claims but approx.. 50% of claims costs. This is consistent with these types of injury claims having higher costs to manage/treat/resolve.
- Overall costs in 2024 is approx.20% higher than 2023. This is driven by the Comcare Licence Fee, the reinsurance fee (limited providers in the market) and claims settlements
- Very happy with performance but must remain very vigilant.

In discussion, Council members noted:

- Query re open case from 2022 – was confirmed case is complex and is currently in Fair Work Commission.
- Noted importance of elevating reporting and awareness of psychosocial hazards - Confirmed can and should expect an increase in cases and claims (not necessarily meaning all will be accepted).
- Noted a psychosocial case that was rejected last year in area that had been discussed with Members as having some cultural issues. Confirmed while may not have been accepted as a claim in that individual case, the cultural issues that may have been identified are still being addressed. Confirmed comfortable with decision in relation to that particular claim.
- Noted three serious electrical incidents – confirmed a review over electrics/safety on campus is planned. Confident is being managed effectively.
- Noted attendance at WHS committees at meetings in Colleges was low and needed to improve. CPO will prepare communications for VC to send to Colleges and Schools to reiterate prioritization and importance of attendance and active engagement.
- Provide feedback on what is done with information rather than just request information.

**Resolved:**

Council **noted** and **endorsed**:

1. the Work Health and Safety Performance Report for the period 1 January to 31 December 2023;
2. The Self Insurance Annual Report for 2023

## \*C11. ANU FINANCIAL UPDATE

Chief Financial Officer, Ms Anna Tsikouris and Deputy CFO, Vibo Chandrasekera spoke to this update and noted:

- Mr Chandrasekera has been confirmed as interim CFO from 15 March 2024 and until the new CFO appointment process is finalised and new CFO has commenced.
- Working through year end numbers.
- YTD results - revenue ahead expectations and expenses continue to be higher than expected. Current expectation is results (deficit) will be \$10m below budget.
- As in prior years, investment income, hail proceeds and deferred expenses will mean an ultimate surplus. As in prior years, full year results will require careful messaging as operating result will be a deficit.
- Challenging financial position widespread across the sector (with University of Sydney being the only exception and looking to have a strong 2023 result).
- January 2024 flash results – revenue and expenses favourable to budget however concerns around student numbers as not where they were budgeted/predicted.

In discussion Council noted:

- Operating deficit needs to remain focus – cannot sustain in perpetuity. Student enrolments below expectations and targets remains key issue and needs to be addressed.
- VC strongly focused on student recruitment and retention – missing student enrolments now will have 2-3 year impact.
- VC, DVC Academic and Chief Operating Officer working on roadmap for student pathway with expectation a plan will be available by mid-year.

### **Resolved: Council noted**

1. the January to December 2023 full year preliminary financial results as compared to the 2023 Budget and Q3 Forecast
2. the January 2024 flash results as presented at the meeting

*Professor Tony Connolly departed the meeting at 1:26pm*

## \*C12. CHAIR NOMINATION – ACADEMIC BOARD

The Vice-Chancellor spoke to this item and noted the Professor Connolly had held role of Deputy Chair for Academic Board for the past two years and the proposed appointment as Chair was for two years commencing 15 February 2024.

In discussion Council members unanimously supported Professor Connolly's appointment as Chair of the Academic Board.

### **Resolved:**

Council **appointed** Professor Anthony Connolly, in accordance with the Academic Board Charter Section 6, to a two-year term as Chair, Academic Board commencing 15 February 2024.

## \*C13. REMUNERATION COMMITTEE REPORT (discussed in-camera – 9.10am)

*Only Council Members and the University Secretary were present for discussion of the Remuneration Committee report.*

The Chancellor provided the Remuneration Committee Report for 2023, following the Committee meeting on Monday 5 February 2024.

The Chancellor noted discussions had commenced with the new Vice-Chancellor to set KPIs and these would be finalised during Q1 2024 and the Committee had reviewed and discussed benchmarking for the current Executive appointments under recruitment – namely Provost, Deputy Vice-Chancellor, Research and Innovation and Chief Financial Officer.

The Chancellor also noted discussions to update the Charter to enable membership to be adjusted should a member hold two of the ex-officio roles (e.g. Pro-Chancellor and Chair, Finance Committee).

**Resolved:**

**Council noted and accepted** the Remuneration Committee report for 2023 including:

1. The setting of the Vice-Chancellor 2024 key performance indicators by end of Q1 2024.
2. The University Executive remuneration report for 2023.
3. Benchmarking range for the Provost, DVCR&I and Chief Financial Officer positions was reviewed and supported
4. Charter for Committee to be updated to enable adjustments if required should a single person hold two of the nominated ex-officio roles.

**\*C14. CRITICAL INCIDENT REVIEW RESPONSE**

Deputy Vice-Chancellor Academic, Professor Grady Venville joined the meeting.

Chief Operating Officer, Chris Price, spoke to this report and in discussion with members highlighted the following:

- Implementation of recommend actions have commenced.
- Planning for critical incident team – readiness is a key focus and closing gaps on policies and procedure.
- External training for critical incident staff is being arranged. Establishing a standing set of approvals (rather than going through ordinary governance channels) to execute a rapid and effective response in a crisis/emergency is addressed in the review.
- Continue to work on relationship and engagement with ACT Police – will always be tricky – they have their own policies and guidelines.
- Confirmed active testing of alternatives for mass communication for critical incidents is underway as part of Review implementation actions.

**Resolved:**

**Council noted:**

1. The update on the University response to the Review of the response to Critical Incident in September 2023 (the Allard Review).
2. An update on the implementation will continue to be provided at each Council meeting for, at least, the remainder of 2024

**\*C15 TEQSA UPDATE – RENEWAL OF REGISTRATION**

Deputy Vice-Chancellor Academic, Professor Grady Venville spoke to this item and, in discussion with members highlighted the following:

- University TEQSA reregistration – seven years, unconditional - is a fantastic result for the University and the result of over two years of dedicated and meticulous work – delighted with outcome.
- Reporting was against core standards in HESF, SASH, cyber and governance. ANAO sufficed as a recent external review of Council.
- One committee for each standard and oversight Committee important to delivering the response
- Started with 400 out of date policies – policy project was overwhelming but successful and development of a framework for monitoring and preventing recurrence is in underway.
- Included successfully responding to a whole new standard requested post the initial submission and an incredible effort by the team to produce and deliver that requirement.
- DVCA and Registrar, Scott Pearsall, hosted an event on campus last week to thank the team and colleagues across campus for their work.

- DVCA extended thanks to Nora Sattler and Suzie Alcorn who were incredible and key individuals in the re registration and also thanked Council, Academic Board, AQAC and ARMC for rapid turnarounds to requests during the process.
- In discussion, Council noted and extended congratulations and thanks to Professor Grenville the re-registration team and all involved for the work in preparing and submitting successful re registration application.

**Resolved:**

**Council noted:**

1. On 9 January 2024, the University was officially notified by TEQSA that its registration has been renewed for the maximum period of seven (7) years to 13 December 2030 without conditions; and
2. Changes to TEQSA's regulatory approach.

### **PART 3 – STRATEGIC DISCUSSION**

*Council noted that there are no items included in Part 3 of the Agenda today as these discussions were undertaken at the annual Strategy and Planning Day yesterday (Thursday 8 February).*

### **PART 4 – OTHER MATTERS FOR DISCUSSION/OR DECISION**

**\*C16. 2024 CORPORATE PLAN**

Ms Liz West, Associate Director, Planning and Service Performance joined the meeting.

The Chancellor invited the Vice-Chancellor, the Chief Operating Officer and Ms West to speak to the plan and in discussion with members the following was highlighted:

- Key changes removal of targets from KPI 5 – removal of target for KPI 6 removal of numerical target. KPI 10 has been amended.
- National Institute Grant reporting needs to be reconsidered and will during 2024 and for 2025 plan. Need clarity on how it should be spent and promote innovative use/distribution.

**Resolved**

**Council:**

1. **Approved** the Corporate Plan 2024-2027
2. **Noted** that the Corporate Plan will be finalised and a copy provided to the relevant Ministers and subsequently published on the University website.

**\*C17. INVESTMENT STRATEGY 2024**

Ms Mary Fallon, Director – Investment Office joined the meeting.

Pro-Chancellor and Finance Committee Chair, Ms. Naomi Flutter, with Ms. Fallon, spoke to this item noting:

- Need to avoid making radical changes – ongoing monitoring essential - not set and forget.
- Hard work been undertaken to identify asset classes and have confidence. Performance has been stronger in the last few years than the previously.
- Continuing to carefully monitor and manage our fund managers – particularly when performance issues arise – and introduction of in-person manager meetings with CFO and Investment Director delivering results and enabling issues to be addressed and analysis of performance to be informed.
- Active management of risk remains high priority – rigour will mean identification of problems before they become real crises
- Additional members of FC being considered to enable increase in funds management experience and investment expertise .

**Resolved**  
**Council approved**

1. the Investment Strategy 2024 LTIP which includes:
  - **noting** the four key risks influencing the 2024 Investment Strategy:
    - Custodian Risk
    - Asset Consultant Risk
    - Overseas Equity Risk;
    - ANU Endowment Underspend Risk.
  - **endorsing** an on-site due diligence assessment of RBC prior to making a decision on termination;
  - **endorsing** a 4% increase in Fixed Income exposure, to 18% of LTIP. The additional \$45m exposure is to be invested in the BlackRock iShares Treasury ETF, with Plato appointed as transition manager to execute the purchase within two weeks.
  - **endorsing** the decrease in credit exposure of LTIP Fixed Income portfolio.
  - **endorsing** a \$45m reduction in Domestic Equity exposure to bring it in line with SAA midpoint, with the proceeds to fund the increase in Fixed Income allocation.
  - **noting** that the Overseas Equity allocation to be maintained at 23%; that the Alternative Investment allocation to be maintained at 27%; that the Cash allocation to be maintained at 6%;
  - **endorsing** the increase hedges up to 25% of the USD exposure in LTIP.
2. Reporting of biodiversity risk in the Domestic and Overseas Equity portfolios;
3. Reporting of energy transformation risk in the Domestic and Overseas Equity portfolios; and
4. On-going annual on-site visits for each Domestic Equity, Overseas Equity and Domestic Fixed Income asset manager and biennial on-site visits for Alternative Investment asset managers.

**\*C18. ARTIFICIAL INTELLIGENCE – ANU INSTITUTIONAL PRINCIPLES**

The Vice-Chancellor, Professor Geneveive Bell and Academic Board Chair, Professor Joan Leach spoke to this item and in discussion with members highlighted the following:

- These are high-level principles and designed to guide future policy making.
- They include a commitment to draw on expertise within the University
- Principles are not intending to or shut down work on chat GPT. It is noted there is a diversity of ways across disciplines to work on chat GPT.
- Recent TEQSA guidelines demonstrate focus on this area given the rapid advancement of technologies.
- ANU was the only Go8 to not to directly ban Chat GPT but rather look at how to use it in a safe and disruptive way which has left the University with some room to explore.
- ANU is distinctive, have been outlier in that respect. As noted by former Vice-Chancellor, Professor Brian Schmidt, AI is disruptive technology – we must embrace it and adapt.
- This issue will remain interesting in the sector. Think of them as generative tools rather than “instruments of the devil”.
- Challenge is not just about the technology also about venture capital, power and social relationships, things that are stable and things that are not.
- AI is incredibly energy and water intensive which adds in the sustainability challenge. It is the single largest use of water in particular US state where main data centres are based. Consideration and thinking needed about who is benefiting, what are environmental consequences etc.
- Council noted the suggestion that there was a possible opportunity to be involved in developing appropriate ethics, having the process that enables the University to think about and potentially help drive conversation in more productive way globally.

- Council also noted “Turnit In” is being turned off and will not be available for Semester 1. Professor Leach confirmed the Centre for Learning and Teaching has advice available which is (or soon will be) on the CLT website and working with Colleges to help with communication and any issues related to this.

### **Resolved**

#### **Council noted**

1. the ANU Institutional Principles for Artificial Intelligence;
2. that Academic Board endorsed the ANU Institutional Principles for Artificial Intelligence at AB6/2023 (28 November) and requested the provision of a Report to Academic Board 1/2024 (12 March) detailing plans for operationalising the principles.

### **\*C19. COUNCIL GOVERNANCE CONFORMANCE STATEMENT**

University Secretary, Belinda Farrelly, spoke to this item and in discussion with members highlighted the following:

- Statement prepared to provide account of conformance with statutory instruments and support Voluntary Code of Best Practice.
- No substantive changes from prior year reports – noting updated legislation during 2023 noted and variance to prior years noting Council action during 2023 to appoint new VC.

### **Resolved**

Council **noted** for the 2023 calendar year, the assessment in respect of the University conformance with

1. *The Australian National University Act 1991 (Cth)*
2. *Public Governance, Performance and Accountability Act 2013 (Cth)*
3. Higher Education Standards Framework (Threshold Standards) 2015: Part 6 Governance and Accountability, and
4. Voluntary Code of Best Practice for the Governance of Australian Universities.

### **\*C20 WORKPLACE GENDER EQUALITY AGENCY (WGEA) - LEGISLATIVE AND REPORTING CHANGES**

Chief People Officer, Kate Witenden, spoke to this report and in discussion with members highlighted the following:

- First time publication of data of this nature
- Data is not a “like for like” pay gap analysis. Is publication of median male vs female base salary total remuneration salaries.
- ANU exists in a complex industrial environment. Multiple levels of employees – same with senior management levels.
- ANU published median total remuneration gender pay gap will be 7.6% for 2022-2023 which is an improvement on 2020-2021 (8.1% but is still higher than the industry benchmark (5.3% 2022-2023).
- Level E data warrants further investigation - are there systemic and underlying issues?
- Industry benchmark – Code 81 – Tertiary Education code and includes over 100 organisations in this group. Once data becomes public, ability to review and benchmark against other G08 will be possible.

In discussion, Council noted;

- Future impacts on budget to implement initiatives to achieve gender equity on pay and standards set by benchmarking.
- Important to actively engage with WGEA – they encourage and invite that to occur
- Communications around the release of the data important – this is what we are doing

- Long-term forecasting would be beneficial – demographics are factored into the data, progression in promotion data – i.e. what does trajectory look like, what is the path/time for change. Work on this done in 2012-2015 – perhaps could be revisited?.

### **Resolved**

#### **Council noted**

1. The WGEA 2022-2023 Executive Summary and Industry Benchmark Report
2. The Workplace Gender Equality Agency (WGEA) Changes to Reporting Requirements following the amendments to the *Workplace Gender Equality Act 2012* (Cth) passed by Federal Parliament in March 2023 (Closing the Gender Gap Bill 2023)
3. The summary of gender pay gap by workforce segments at ANU

## **C21. HONORARY DEGREES NOMINATIONS**

### **Resolved**

Council **approved** the award of an honorary degree, as endorsed by the Honorary Degrees Committee on 27 November 2023, to:

- Ms Jasia Reichardt – Hon LittD
- Professor Ruth Wallace – Hon LittD
- Dr Stephen FitzGerald AO – Hon LLD

## **C22. ETHICS COMMITTEE ANNUAL REPORT**

### **Resolved**

Council **approved** the Annual Reports for 2023 in respect of the:

1. Animal Ethics Committee
2. Human Research Ethics Committee; and
3. Recombinant DNA Monitoring Committee

## **C23. INVESTMENT OFFICE ANNUAL REPORT**

### **Resolved**

Council **noted** the Annual LTIP and GCF Performance Report for 2023.

## **\*C24 COUNCIL COMMITTEE MEMBERSHIP AND CHARTER UPDATES**

The Chancellor spoke to this Item and noted:

- Phoebe Denham to be appointed as a student member on the on the Student Safety and Wellbeing Committee.
- Student Safety and Wellbeing Committee Charter includes proposed changes to expand membership and draw on expertise across University community
- Honorary Degrees Committee – includes proposed changes to Honorary Degrees Categories which will help reduce ambiguity and possible overlap between categories
- Finance Committee - confirmed Naomi Flutter has agreed to continue as Chair of the Finance Committee till 31 December 2024 to assist with continuity through 2024 and changes to the Charter to enable this will come to the April Council meeting.

### **Resolved**

#### **Council**

1. **Approved** the proposed revisions to the Student Safety and Wellbeing Committee Charter as endorsed by the Student Safety and Wellbeing Committee on 23 November 2023;
2. **Approved** the appointment to Council Student Safety and Wellbeing Committee, as proposed;

3. **Noted** the update regarding process for further appointments to the Student Safety and Wellbeing Committee;
4. **Approved** the proposed amendments to the honorary degree categories, as endorsed by the Honorary Degrees Committee on 27 November 2023.
5. **Noted** the update on the Finance Committee membership and expected changes to Charter.

## PART 5 – OTHER MATTERS FOR NOTING

### C25 COUNCIL ANNUAL DECLARATIONS OF INTEREST AND SKILLS MATRIX

#### Resolved

Council **noted**

1. the Register of Disclosed Interests as at 31 January 2024; and
2. The current Skills Matrix for the Council and Committees

### C26 ENVIRONMENTAL MANAGEMENT PLAN

#### Resolved

Council **noted** the update and progress report for *Dhaagun* - the ANU Environmental Management Plan 2022-2025

### C27 CHANGES TO DEPARTMENTS AND ACADEMIC ORGANISATIONAL UNITS

#### Resolved

Council **noted**:

1. The change in name of the Centre for Social Research and Methods to POLIS: The Centre for Social Policy Research.
2. The renaming of Centre for Aboriginal Economic Policy Research to the Centre for Indigenous Policy Research.
3. The movement of CIPR reporting lines from the Research School of Social Science to POLIS.

### C28 LEGISLATION AND POLICY UPDATES

#### Resolved

Council **noted**:

1. That no new legislation has been approved or made by Council or the Vice-Chancellor since the Council meeting on 6 October 2023.
2. Implementation of actions required following approval of changes to legislation up to and including 6 October 2023.

### C29 COUNCIL COMMITTEES AND ACADEMIC BOARD – EXECUTIVE SUMMARIES (NOV MEETINGS)

#### Resolved

That Council **note** Council Committees and the Academic Board Executive Summaries from November 2023 meetings.

### C30 GRANTS AND CONSULTANCIES

#### Resolved

Council **noted** the report on Grants and Consultancies

### **C31 UNIVERSITY SEAL**

#### **Resolved**

Council **noted** there had been no use of the University Seal for the period 24 November 2023 to 2 February 2024

## **PART 6 – OTHER BUSINESS**

### **\*32. OTHER BUSINES**

Chancellor invited items of other business from Council members.

- Ms Allen raised query regarding a Committee of Council that looks at equity/inclusion.
- VC noted the IDEA (Inclusion, Diversity, Equity and Access) Management Committee already in effect and need to consider the work already being done.
- VC will take on notice and come back to Council on this suggestion.

### **\*33. NEXT MEETING AND CLOSING**

#### **Resolved:**

Council noted that its next meeting will be held on Friday 5 April 2024.

The meeting closed at 2.08pm (AEDT)

Date: **5 April 2024**

The Hon Julie Bishop  
Chancellor  
The Australian National University

REGISTER OF DISCLOSED INTERESTS (JANUARY 2024)

**Education and Employment Legislation Committee  
Inquiry on the quality of governance at Australian higher education providers**

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-007

Senator Pocock provided in writing.

***Grievance procedure***

**Question**

1. Did University Leadership seek legal advice regarding their obligation under the PGPA Act in relation to Dr Allen's complaint and the potential requirement to notify the responsible Minister of any such things?
2. Please provide a copy of Mr Carr's resignation letter.

**Answer**

1. No. Dr Allen's complaint remains subject to ongoing investigation.
2. The contents of Mr Carr's letter are the subject of an ongoing grievance procedure against the University and to release the details would compromise those proceedings.

**Education and Employment Legislation Committee  
Inquiry on the quality of governance at Australian higher education providers**

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-008

Senator Pocock provided in writing.

***Staff survey***

**Question**

Please provide the last staff “pulse survey” that was mentioned by Ms Witenden.

**Answer**

Please find attached the results from the Staff Survey that was undertaken in September 2024. These results were released to staff on 1 July 2025 on a Staff Only website.

There is a publicly available Frequently Asked Questions website on the Survey (<https://services.anu.edu.au/human-resources/supporting-development/anyou-employee-engagement-surveys/frequently-asked-questions-faqs>, ANU weblink).

**Detailed breakdown of the ANU overall results for the September 2024 pulse survey, with comparison to the November 2023 pulse survey, and the March 2023 full engagement survey.**

Participation		Submitted	Total	Rate	
Participation		2891	5063	57%	

  

Factor		Pulse survey Sept 2024	Pulse survey Nov 2023	Full engagement survey March 2023	Higher Education sector, July 2024
Engagement		50%	58%	61%	65%
Leadership		44%	n/a	n/a	n/a
Management		78%	76%	n/a	n/a
Teamwork & Ownership		71%	60%	n/a	n/a
Psychosocial Health		65%	n/a	n/a	n/a
Culture		49%	n/a	n/a	n/a

  

Factor	Question	Pulse survey Sept 2024	Pulse survey Nov 2023	Full engagement survey March 2023	Higher Education sector, July 2024
Engagement	I would recommend ANU as a great place to work	56%	69%	74%	75%
Engagement	ANU motivates me to go beyond what I would in a similar role elsewhere	38%	48%	50%	57%
Engagement	I am proud to work for ANU	65%	76%	80%	80%
Engagement	I rarely think about looking for a job at another organisation	37%	42%	44%	48%
Engagement	I see myself still working at ANU in two years' time	51%	56%	59%	62%
Leadership	My College/Portfolio leaders keep people informed about what is happening	54%	62%	63%	61%
Leadership	My College/Portfolio leaders demonstrate that people are important to the University's success	53%	n/a	n/a	60%
Leadership   Psychosocial Health	Leaders at ANU are open to different views/perspectives in meetings	39%	46%	n/a	n/a
Leadership	My local area leaders keep people informed about what is happening	68%	n/a	n/a	61%
Leadership	My local area leaders demonstrate that people are important to the University's success	68%	n/a	n/a	60%
Leadership	The ANU Strategic Leadership Group (SLG) keep people informed about what is happening	26%	n/a	n/a	61%
Leadership	The ANU Strategic Leadership Group (SLG) demonstrate that people are important to the University's success	23%	n/a	n/a	60%
Leadership   Culture	I am seeing positive changes taking place at ANU	24%	n/a	n/a	n/a
Management	My supervisor is a great role model for employees	77%	74%	74%	74%
Management   Psychosocial Health	My supervisor clarifies expectations when I need it	79%	77%	n/a	n/a
Teamwork & Ownership   Psychosoci	Team members regularly give each other constructive feedback	71%	60%	n/a	n/a
Psychosocial Health	I have access to helpful resources for managing my mental wellbeing	57%	n/a	n/a	n/a
Psychosocial Health	I would feel comfortable reporting inappropriate behaviour at ANU	62%	69%	n/a	n/a
Psychosocial Health	Generally, I have control over how and when I perform my duties at work	84%	81%	n/a	n/a
Culture	I can be my authentic self at work	65%	n/a	n/a	76%
Culture	I feel respected at ANU	57%	n/a	n/a	78%
Culture	I feel like I belong at ANU	49%	n/a	n/a	69%

## Detailed breakdown of the ANU overall results for the September 2024 pulse survey

**Education and Employment Legislation Committee  
Inquiry on the quality of governance at Australian higher education providers**

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-009

Senator Pocock provided in writing.

***Staff remuneration***

**Question**

How many staff at the ANU earn more than \$430,000 per annum?

**Answer**

As at 18 August 2025 there were 29 staff who receive full-time equivalent remuneration of \$430,000 plus per annum. The methodology is based on base salary data, plus any annualised market loading, or bonuses and superannuation.

**Education and Employment Legislation Committee  
Inquiry on the quality of governance at Australian higher education providers**

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-010

Senator Pocock provided in writing.

***Government relations***

**Question**

What is the FTE and headcount in government relations for 2021/22, 2023/23 and 2024/25 and as of 12 August 2025.

**Answer**

Answer provided assuming data is requested from FY2022/23 instead of 2023/23.

<b>Government Relations Staff</b>	<b>FY 2021/22</b>	<b>FY 2022/23</b>	<b>FY 2023/24</b>	<b>FY 2024/25</b>	<b>12/08/2025</b>
Staff FTE	4	5	5.7	1.7	4
Staff Headcount	4	5	6	2	4

**Education and Employment Legislation Committee  
Inquiry on the quality of governance at Australian higher education providers**

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-011

Senator David Pocock provided in writing.

***Professor Andrew Meares***

**Question**

What was the Cybernetic Futures Lead, Mr Andrew Meares, role as a note taker in the Senate Inquiry hearings on 12th August? Given Mr Churchill had no knowledge of his attendance, who was he taking notes for? Who asked him to attend?

**Answer**

Whilst the University regards this question targeting an ANU employee and a member of the public in attendance at a public hearing as inappropriate, Ms Marina Polita, Head of Government Relations (interim), was in attendance with three members of her team including Professor Andrew Meares.

**Education and Employment Legislation Committee  
Inquiry on the quality of governance at Australian higher education providers**

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-017

Senator Pocock provided in writing.

***FTE staffing***

**Question**

Please provide a breakdown of staff by full-time equivalent (FTE) and classification, specifically:

- a. Academic staff by FTE and classification (i.e. from Level A1 through to Level E3).
- b. Professional staff by FTE and classification (i.e. ANU02, step 1 through ANU08, step 2 and SM1, step 1 through to SM5)
- c. The job type and location (i.e. ANU colleges, chancellery, or central services) of all staff exceeding salary bracket SM5.

All data in parts (a), (b), and (c) to be broken down by colleges and central/chancellery; and This data to be provided for each year from 1 January 2019 to 30 June 2025, broken down by:

- i. Calendar year for 2019 –2024;
- ii. and the period 1 January 2025 to 30 June 2025

**Answer**

Data cannot be disaggregated in the time available to provide an accurate comparative summary. Job types and locations have changed due to numerous restructures at the University since 2019. We are happy to work with the Senator to share the detail of these restructures and its impact on the data available and the challenges for accurate impact on FTE over the dates requested.

**Education and Employment Legislation Committee  
Inquiry on the quality of governance at Australian higher education providers**

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-018

Senator Pocock provided in writing.

***Grants***

**Question**

Please provide a breakdown of all grants brought into the University disaggregated by College or work unit since 1 January 2022.

**Answer**

Please see attached with information on research related grants. Please note that some of these grants are confidential and have been flagged as such.

Grant Title	Administering_Primary_College	Total Amount ANU amended aw	Awarded Year (or Fully Executed)
Aquatic Macroinvertebrate Survey-Mulloon Institute	ANU College of Science and Medicine	7262	2022
Flies are dirty: they transmit microbes from dirty environments to our domestic animals and us. Exactly what microbes they transmit is poorly understood	ANU College of Science and Medicine	360000	2022

Genomics of extinction and isolation on Australian island arks	ANU College of Science and Medicine	661779	2023
Next-generation reaction-environments tunable catalysts for CO2 reduction	ANU College of Science and Medicine	1623130	2023
Complementary pairs for next generation self-assembled systems	ANU College of Science and Medicine	1384890	2023
Identifying climate-resilient wheat for a warmer, high CO2 world	ANU College of Science and Medicine	1413665	2023
Neuroinflammatory profile of microglial extracellular vesicles in Alzheimers Disease	ANU College of Science and Medicine	365000	2023
Flipping the mattress: infinite polyurethane recycling by synthetic biology	ANU College of Science and Medicine		2023
ARC Research Hub in Zero-emission Power Generation for Carbon Neutrality	ANU College of Science and Medicine	777500	2023
Customised exosomes the future of regenerative medicine	ANU College of Science and Medicine	656602	2023
EpiC: Enhanced Photosynthesis in Crops	ANU College of Science and Medicine	204174	2023
Academic Post - ACRRM - Academic Registrar: Elisabeth McLinton - Project: Planning and preparedness for disasters in primary health care: qualitative experience of NSW general practices affected by the 2019-2020 Black Summer bushfires	ANU College of Science and Medicine	78447	2023
Improving outcomes for patients with allergy and immunodeficiency in the ACT using a phenomics- and genomics-based approach	ANU College of Science and Medicine	20000	2023
Evaluating the Neighbours Every Day campaign 2023	ANU College of Science and Medicine	12900	2023
Occupational Moral Injury Research with the Australian Federal Police	ANU College of Science and Medicine		2023

Grant Title	Administering_Primary_College	Total Amount ANU amended aw	Awarded Year (or Fully Executed)
Evaluation of the therapeutic efficacy of antimalarial drugs against asexual erythrocyte stages of P. falciparum in a humanised mouse model	ANU College of Science and Medicine		2023
Unravelling immune thrombocytopenia: from diagnosis to treatment options	ANU College of Science and Medicine	200000	2023
Advancing health equity for Indigenous Australians through pharmacogenomics: building an end-to-end discovery pipeline	ANU College of Science and Medicine	2959806	2023
COVID-19 Whole Genome Sequencing Services	ANU College of Science and Medicine	283125	2023
Testing GSTO1 inhibitors as anti-cancer therapeutics	ANU College of Science and Medicine	75000	2023
Understanding how FUBP1 drives primary brain cancer towards rational drug discovery	ANU College of Science and Medicine	75000	2023
Systematic review update - COVID-19 and residential aged care	ANU College of Science and Medicine	49799	2023
OPT-PAP Research Study	ANU College of Science and Medicine	154546	2023
Genomic analysis of specificity and nutrient exchange in orchid-fungal interactions	ANU College of Science and Medicine	50000	2023
mRNA Activation Program - Novel enzymes to transform the manufacturing of mRNA in Victoria	ANU College of Science and Medicine	20000	2023
Karralika Research Services Project	ANU College of Science and Medicine	17025	2023
Confidential			2023
HDR Stipend Shroff 7427798	ANU College of Science and Medicine	108708	2023
Micro-CT System - Maintenance Agreement	ANU College of Science and Medicine	8165	2023
NCRIS 2023 Heavy Ion Accelerators (HIA) Project - Phase II	ANU College of Science and Medicine	23132604	2023
Abiotic Stress Responses in Alpine Flora	ANU College of Science and Medicine	15710	2023
Identifying the dynamic plant RNA modifications needed to combat myrtle rust	ANU College of Science and Medicine	22000	2023
Securing agri-food industry resources by developing systems for harvesting nutrients and clean water from wastewater	ANU College of Science and Medicine	611811	2023
Inclusive fitness environments research partnership	ANU College of Science and Medicine	24050	2023
Machine-learning aided design of electrolytic cells for seawater splitting	ANU College of Science and Medicine	35000	2023
Post-Cruise Analytical Funding (PCAF) 2023 - Jimin Yu	ANU College of Science and Medicine	38000	2023
Post Cruise Analytical Funding (PCAF) EXP 392 - Derya Guerer	ANU College of Science and Medicine	39996	2023

Grant Title	Administering_Primary_College	Total Amount ANU amended aw	Awarded Year (or Fully Execut
Building a Sustainable Future: Developing Nutritious and Climate-Resilient Crop Varieties	ANU College of Science and Medicine	294617	2023
Framework contract with Oxfam Australia	ANU College of Science and Medicine	5000	2023
Research services agreement with Direction Health Services renewal	ANU College of Science and Medicine	78920	2023
(EXT) ICON9: A phase 3 randomised trial of cediranib and olaparib maintenance in patients with relapsed platinum sensitive ovarian cancer	ANU College of Science and Medicine	0	2023
Training DeepPT to predict DNA methylation profiles from histopathology slides	ANU College of Science and Medicine		2023
Harnessing inflammasome pathways against bacterial infection	ANU College of Science and Medicine	2830697	2023
Integrated taxonomy of bagworm moths (Lepidoptera: Psychidae)	ANU College of Science and Medicine	40000	2023
Australian Advanced Metabolic Signal Discovery, and Imaging Platform	ANU College of Science and Medicine	114000	2023
Vocal mimicry in songbirds - Ext led	ANU College of Science and Medicine	0	2023
Thermophysical Property Analysers for Materials under Extreme Environments	ANU College of Science and Medicine	20000	2023
Na()-dysregulating antimalarials: blocking the roads to resistance by understanding PfATP4 and its place in parasite physiology	ANU College of Science and Medicine	837718	2023
Implementing technologies to enable the quantum internet	ANU College of Science and Medicine	863298	2023
Dedicated High-throughput 3D-Electron Diffractometer	ANU College of Science and Medicine	20000	2023
Scanning Transmission Electron Microscope for Beam-Sensitive Materials	ANU College of Science and Medicine		2023
Confidential			2023
Collaborative agreement between the ANU and UNSW (CRISPR molecular diagnostics)	ANU College of Science and Medicine		2023
Characterising and measuring fatigue in progressive multiple sclerosis; a person centered approach	ANU College of Science and Medicine	157497	2023
Research Into the Influence of Drought, Heatwaves and Microclimate on Culturally Significant Plants in Uluru-Kata Tjuta National Park	ANU College of Science and Medicine	180000	2023
STARSMAP Scientists Taking Astronomy Regional Schools w/ Music And Physics	ANU College of Science and Medicine	152044	2023

Grant Title	Administering_Primary_College	Total Amount ANU amended aw	Awarded Year (or Fully Executed)
The missing heritability of human disease: discovery to implementation	ANU College of Science and Medicine	0	2023
Assessing health system performance to fine-tune country policies and actions towards UHC	ANU College of Science and Medicine	15340	2023
Mixed-Metal Clusters for Catalysis and Optical Applications	ANU College of Science and Medicine	544250	2023
Thwarted Identity: The Missing Link Between psychopathology and Prejudice	ANU College of Science and Medicine	765745	2023
What determines plant sensitivity to heat?: Individual to lifetime impacts	ANU College of Science and Medicine	410412	2023
The carbonate geology of the critical metal niobium	ANU College of Science and Medicine	575777	2023
Protein Structure and Dynamics by Electron/Nuclear Paramagnetic Resonance	ANU College of Science and Medicine	684415	2023
Optimising sleep quality inside insecticide treated mosquito nets in hot overnight environments	ANU College of Science and Medicine	0	2023

**Education and Employment Legislation Committee**  
**Inquiry on the quality of governance at Australian higher education providers**

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-019

Senator Pocock provided in writing.

***Sick leave***

**Question**

Please provide data disaggregated by College or work unit for:

1. The total number of sick leave days taken by staff from 1 January 2023 to 31 July 2025 (or the most recent available data);

This data broken down by:

- Individual College or work unit level;
- Academic staff and professional staff categories;
- Calendar year (2023, 2024 and 2025 to 31 July); and
- Monthly breakdown for each year.

**Answer**

Data cannot be disaggregated in the time available to provide an accurate comparative summary. Level and staff categories have changed due to past restructures at the University since 2023. We are happy to work with the Senator to share the detail of these restructures and its impact on the data available and the challenges for accurate sick leave days over the dates requested.

**Education and Employment Legislation Committee  
Inquiry on the quality of governance at Australian higher education providers**

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-020

Senator Pocock provided in writing.

***Campus Suicides***

**Question**

How many people in the current student and staff population have committed suicide since January 2022. Please provide a breakdown by cohort, month and year.

**Answer**

ANU does not record cause of death information for students and only holds cause of death information for staff if the death was linked to the University's business or undertaking. No staff death since January 2022 has met this criterion.

The leadership of ANU are made aware of deaths on campus and engage appropriately with the authorities and families. Given the often-sensitive nature of these events and out of respect for the families we do not pursue cause of death details for record-keeping purposes.

**Inquiry on the quality of governance at Australian higher education providers**

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-021

Senator Pocock provided in writing.

***Non-disclosure agreements***

**Question**

How many non-disclosure agreements (NDAs) has the Australian National University contracted between 1 January 2016 and 30 June 2025?

1. Can this data be broken down by: a) Year (2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025 to 30 June) b) College (either current college structure or then-existing college structure)
2. Of these NDA's, how many relate to:
  - a. Code of conduct matters
  - b. Complaints processes
  - c. Matters pertaining to the culture of the ANU, including but not limited to:
    - Bullying
    - Discrimination
    - Academic misconduct

Please provide this information in tabular format where possible, clearly identifying the categories and timeframes.

**Answer**

1. Non-disclosure agreements (NDAs) are entered into widely for a variety of purposes across the university; there is not a central repository. To obtain a number for the whole University is extremely burdensome and would not be possible in the timeframe for response. In addition, due to past restructures at the University, data cannot be disaggregated in the time available to provide an accurate comparative summary.
2. The University does not enter into NDAs in relation to Code of Conduct matters or workplace complaints processes.

The University's Deed of Release template, which may be used in employment separations, contains a standard non-disparagement clause. However, this is not a non-disclosure agreement.

No NDAs have been entered into in relation to Code of Conduct, complaints processes, or cultural issues such as bullying, discrimination or academic misconduct.

**Education and Employment Legislation Committee**  
**Inquiry on the quality of governance at Australian higher education providers**

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-023

Senator Pocock provided in writing.

***Formal complaints and allegations***

**Question**

Please provide the number of formal complaints, claims, or allegations of bullying, misconduct, or other inappropriate behavioural conduct have been made against the following personnel in that last five years:

- Dean of College of Arts and Social Sciences (CASS);
- Dean of College of Asia and the Pacific (CAP);
- Dean of College of Business and Economics (CBE);
- Dean of College of Engineering and Computer Science (CECS);
- Dean of College of Law;
- Dean of College of Health and Medicine (CoHM);
- Dean of College of Science (CoS);
- Ms Rebekah Brown in her capacity as Provost since her appointment to this position;
- The Chancellor; and
- The Vice Chancellor since her appointment to this position and in her previous capacity at the university.

**Answer**

Two.

**Education and Employment Legislation Committee  
Inquiry on the quality of governance at Australian higher education providers**

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-024

Senator Pocock provided in writing.

***Cease and desist letters***

**Question**

How many cease-and-desist letters have been sent to ANU students in the past 12 months? Please provide general details for each of these.

**Answer**

Two:

- 1) On 9 August 2024, from Campus Environment, addressed to the School of Art & Design (SOAD) Collective, in relation to involvement in incidents of defacement and graffiti within the female toilet facilities in a heritage listed property located on the ANU Acton campus.
- 2) On 28 August 2024, from Brand & Marketing, addressed to the listed media contact for ANU for Palestine, for using the University's name and logo, for the purposes of marketing and communications on a social media site and in communications materials.

**Education and Employment Legislation Committee

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-025

Senator Pocock provided in writing.

***School of Music***

**Question**

Please provide a list of all the instruments from the School of Music that have been sold over the past 6 months.

**Answer**

No instruments from the School of Music have been sold over the past 6 months.

One sale is currently in progress, with an accounts receivable invoice request already submitted:

- 1 x Salzedo Harp

This instrument is no longer in use, and two harps remain with the University.

**Education and Employment Legislation Committee**  
**Inquiry on the quality of governance at Australian higher education providers**

**QUESTION ON NOTICE**

**Australian National University**

**Question No.** GIQ 25-026

Senator Pocock provided in writing.

***School of Cybernetics***

**Question**

1. The School of Cybernetics was supposed to bring in significant funding thanks to Prof. Bell's links to Silicon Valley. How much funding from Big Tech has the School acquired?
2. How do the research outputs of staff and PhD students at the School of Cybernetics compare to other schools?
3. During the period when every College was asked to make cuts and find savings, how many new hires and promotions were made by the School of Cybernetics? How many new hires do not have a PhD?
4. 100% of the School of Cybernetics PhD students have completed a Masters in the School. The new Director was an internal appointment. Other professors are past contacts of Prof Bell. Does the School have fair hiring practices?

**Answer**

1. The ANU refutes that the ANU School of Cybernetics receives differentiated treatment. The School has acquired support of over \$1M. The School has been recognised as delivering outstanding research and education, including as a finalist in the Australian Financial Review AI Awards (Research and Education category) in 2025, a Bronze Award in the international QS Reimagine Education Awards "Developing Emerging Skills and Competencies" category in 2023. Given the Committee's interest in the ANU School of Cybernetics, the ANU invites the Committee to visit the School.
2. Research outputs and outcomes of School staff and PhD students, both individually and collectively, compare favourably with the standards and indicators as articulated in the College Academic Performance Standards and the ANU Research Indicators for Promotion at ANU (attached).
3. The School of Cybernetics contributed the largest budget cut of the academic entities in the College of Systems and Society, including approximately 30% reduction in headcount. The School hired four external appointments in academic roles (equal to 1.3 FTE on recurrent funding), all four have PhDs. Three staff members were promoted through the College promotion committee.
4. Yes, the School follows fair hiring practices as required by the ANU. One external PhD student has accessed the PhD program as per the admission requirements. The School director was hired by the College through a competitive process that included external candidates.
