Dear Committee Secretariat

I must confess to be absolutely opposed to the secretive anti Australian deal being brokered by English citizen Anthony Abbott and Communist China, a relationship which his many forebears as Liberal PMs would have strongly opposed.

I do not support the China FTA because I support local jobs for local people. Australians!

The China FTA will allow Chinese companies to bring in their own workforce with no requirement that jobs be offered to local workers first.

This will do nothing to reduce our growing rates of unemployment. In fact it will cause our local working conditions and wage rates to be dragged down to worlds worst standards.'

PLEASE save our nation

Mr Angelos T Kenos
