

- **To the Senate enquiry on SBS, I acknowledge that my objections are not original in form , but they do express my feelings accurately:**
- 
- **I advocate**
- 
- **No More advertising in any hour on SBS,**
- **No More allowing 'product placement' of commercial goods in SBS programs,**
- **NO further commercialisation of SBS,**
- **No increase in disruptive commercial breaks - and want in-program ad breaks stopped, not increased.**
