

Dir Sir/Madam,

As an oversea student who has already applied for PR, I 'm very concerned about the coming changes that will happen on 1st July.

I have been waiting for PR for about one year and 2 months, and I have already found a major related job. Actually, I am planning to stay here for the rest of my life just because I love this place, so it will be really inhumanity if the visa capping programs pass. This proposal is unfair, as government isn't merchant who sometimes can back and fill. We study and submit the relevant materials according to the immigration terms; therefore if our submissions are withdrawn what is the function of intermediate statute?

We're all well educated, skilled and knowledge graduates who want to help to jump start the Australia's economy. Please do consider our points of views.

THANK YOU & BEST REGARDS.
