Australian Parliament Canberra

Dear Members,

I would like to say that the Medicare Chronic Disease scheme that i am currently receiving suits my requirements because of my asthma.

I dont agree with the way it has to be planned, and the way the dentists are being harrassed over billing documentation.If i break a tooth, it can't be done immediately because it isn't in the plan.

I am very pleased with the treatment i receive from my dentist and his assistants, they are extremely helpful and caring.

I hope you will reconsider the current requirements that this Government has given the dentist to continue.

Yours Sincerely

Mark Simpson.
