Question: 3

Topic: Claims within different tiers

Question:

Senator PATRICK: I would also like to know whether the current regime was in place with the different tiers. Can you provide details of the claims over the last five years that would have been within those tiers, and the amounts and the number of companies? I'd like to see a breakdown of the historical data you have.

Ms Hawkins: I can certainly take that question on notice. I'm not sure how our data will be able to answer those questions, but, by all means, I can take it on notice.

Answer:

The data you have requested is not readily available.
